THE KEYWAY[®] SYSTEM

Eliminates the irritation and inconvenience of ball head and "T" head hangers.

A CONVENIENCE FOR YOUR GUESTS

The previous method of using rings and other types of receptacles with ball and "T" head hangers is, without question, the most inconvenient fixture in guestrooms today. This opinion is shared by virtually every guest who is confronted with these types of receptacles and hangers.

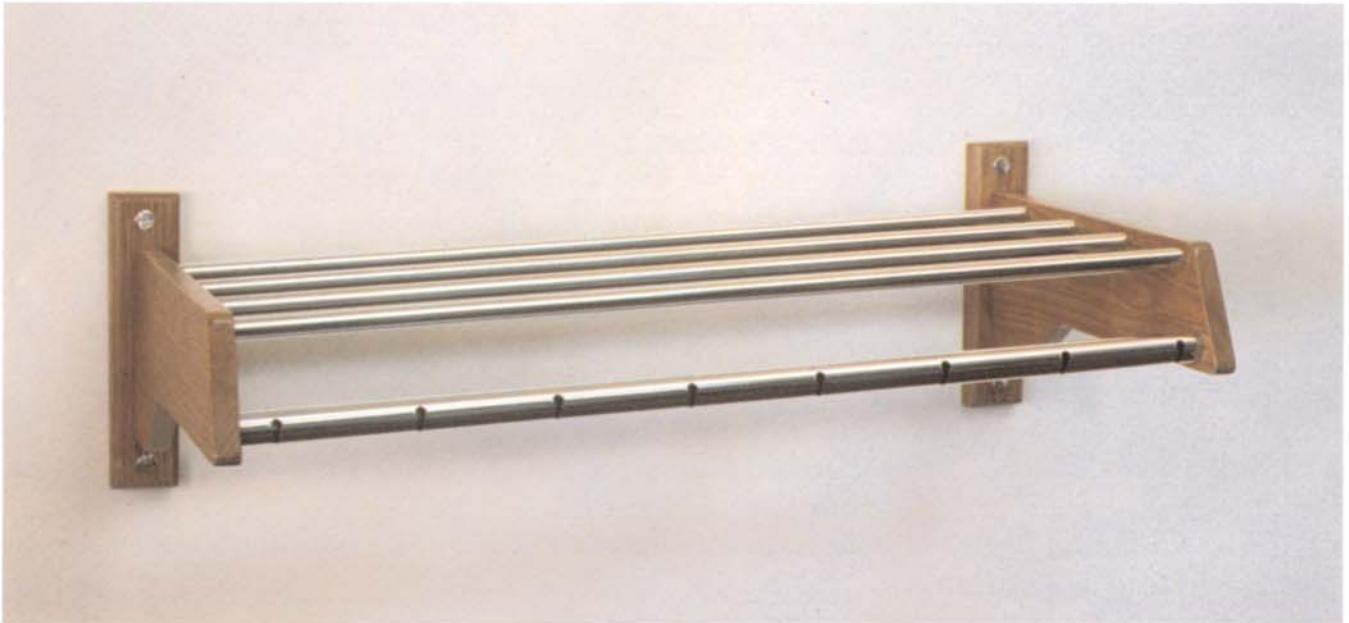

The KEYWAY[®] system has made rings and other receptacles obsolete and provides your guests with a convenience equivalent to that of open hook hangers.

FINANCIAL BENEFITS

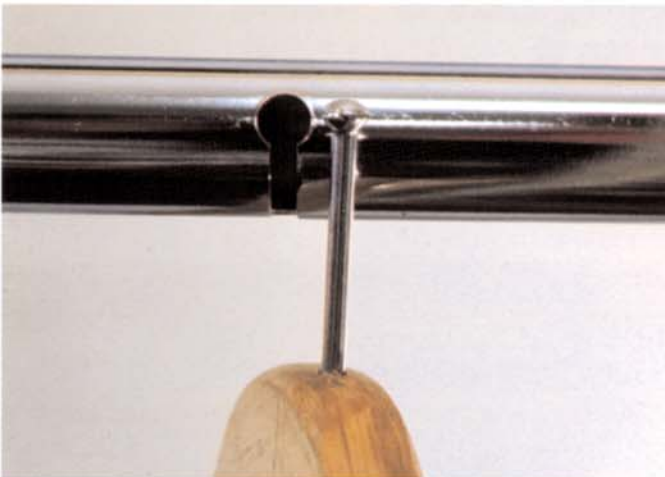

KEYWAY[®] is a complete closet system which can be installed in under 15 minutes. Compare this to the hour to one and a half hours required for installation of shelving supports, shelving, closet rod brackets, closet rod, receptacles and finish painting.

The additional expense of purchasing rings or other receptacles for use with the guestroom hangers is no longer necessary.

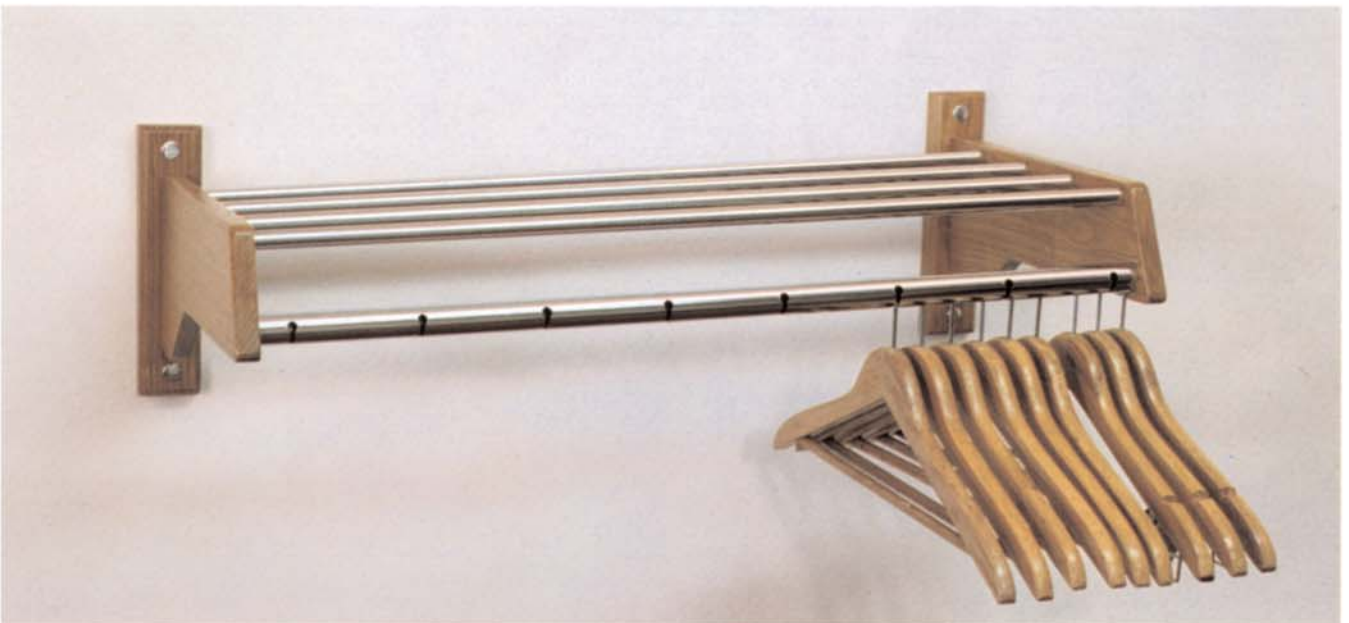

After installation, the KEYWAY[®] system continues to provide financial benefits in the operation of your housekeeping and maintenance departments.

No. 301 series - 30" length

Hangers can be inserted and removed from the KEYWAY'S® hanger bar with virtually the same ease as that of regular open hook hangers.

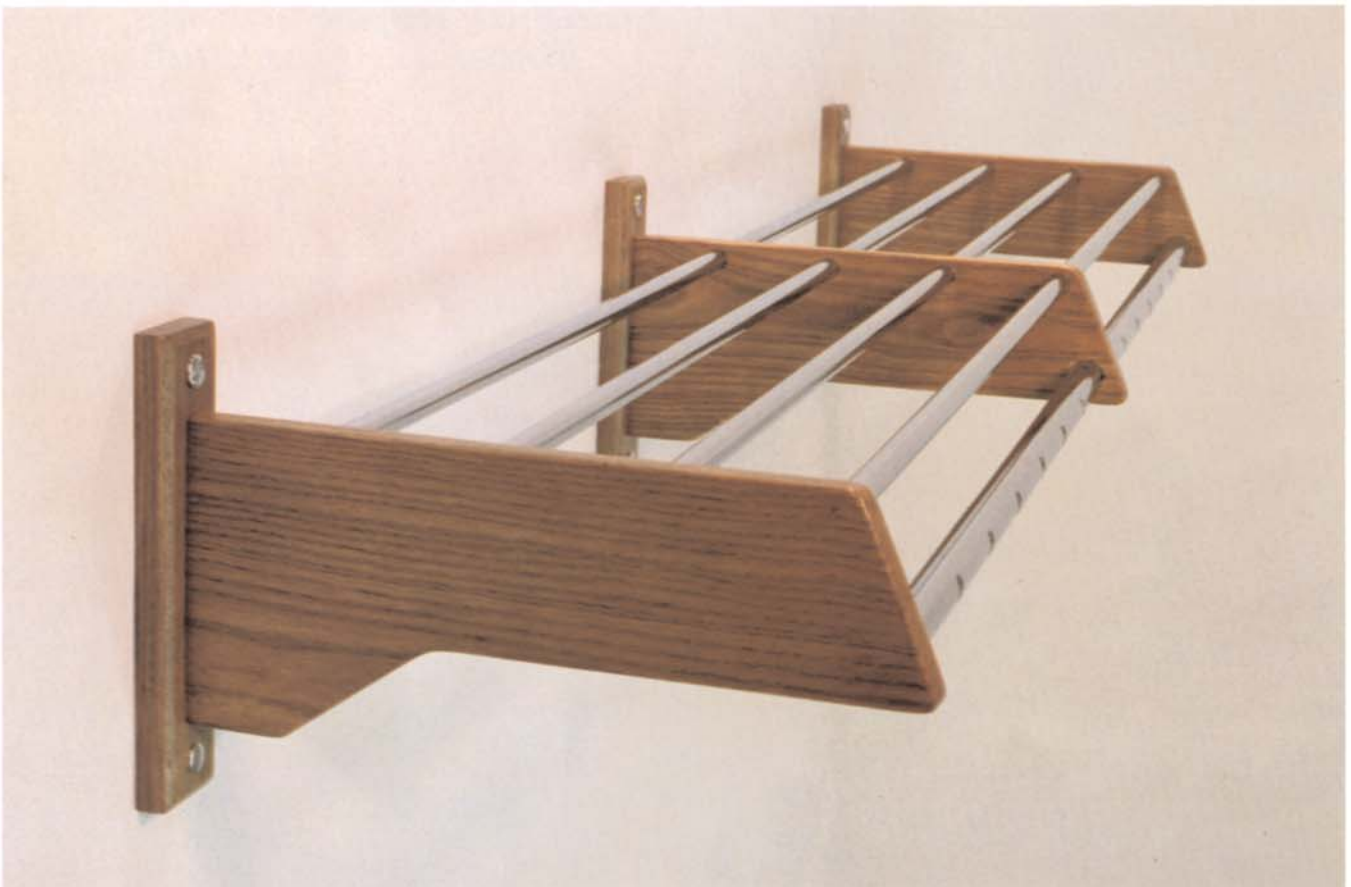

No. 301 series - 30" length

HOUSEKEEPING BENEFITS

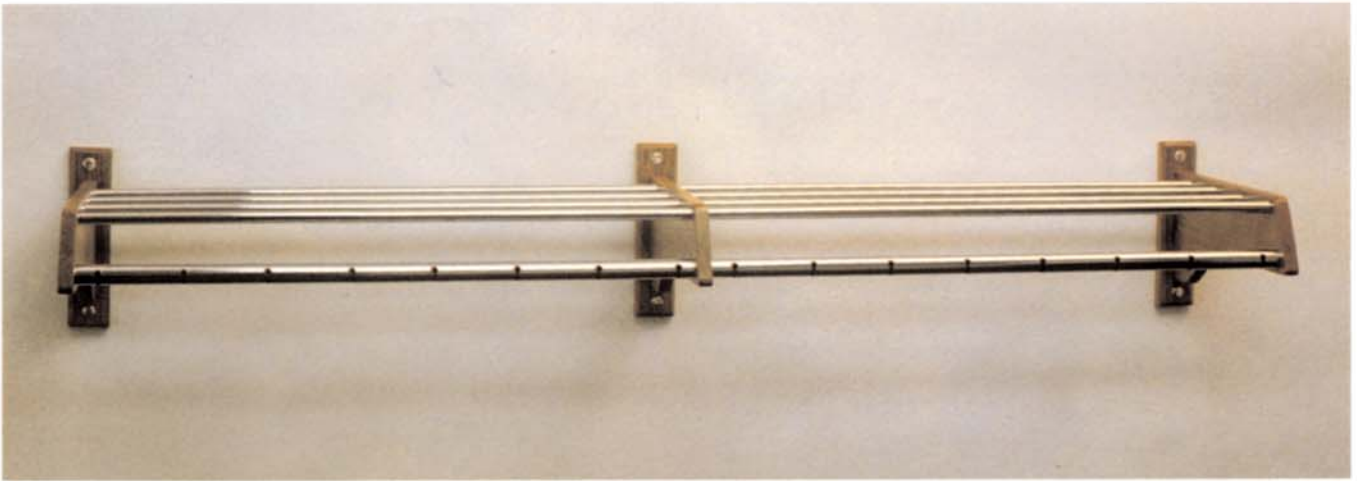

Your housekeeping staff no longer has to respond to a guest's request for additional hangers by installing additional receptacles, offering a guest wire hangers or supplying a standard open hook hanger which can be removed from the guestroom. The KEYWAY'S® special slotted hanger bar allows your housekeeping staff to immediately provide as many hangers as may be required by your guest. Upon the guest's departure, the hangers may be removed to become available for future requests.

Cleaning requires only a quick wipe to maintain a sparkling and fresh appearance.

Articles stored on the unit's shelf always remain visible, thereby greatly reducing the time-consuming chore of reuniting the guests with their forgotten belongings.

No. 301 series - 6 foot length

No. 301 series - 6 foot length

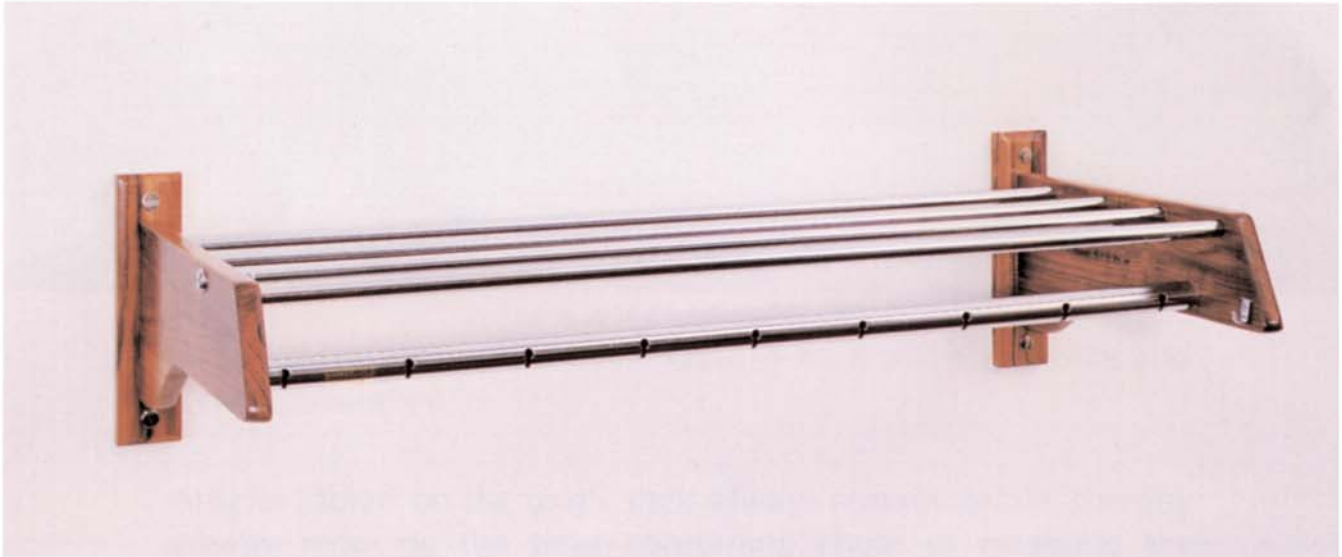

All hardwood construction with multicoats of clear lacquer finish. Available in natural or walnut finishes, solid teak wood or oak. Metal parts are brightly chrome plated.

Attractively designed to brighten closet and alcove areas while providing a convenience which will be appreciated by all your guests.

MAINTENANCE BENEFITS

Standard hanger bars and closet rods become worn and require maintenance or replacement as a result of the constant movement of most hanger receptacles. The KEYWAY'S® design eliminates the use of rings or other receptacles and thus the hanger bar always stays bright and clean. Periodic painting touch up is never necessary.

SHALLOW DEPTH CLOSET UNITS WITH SLOTTED HANGER BARS

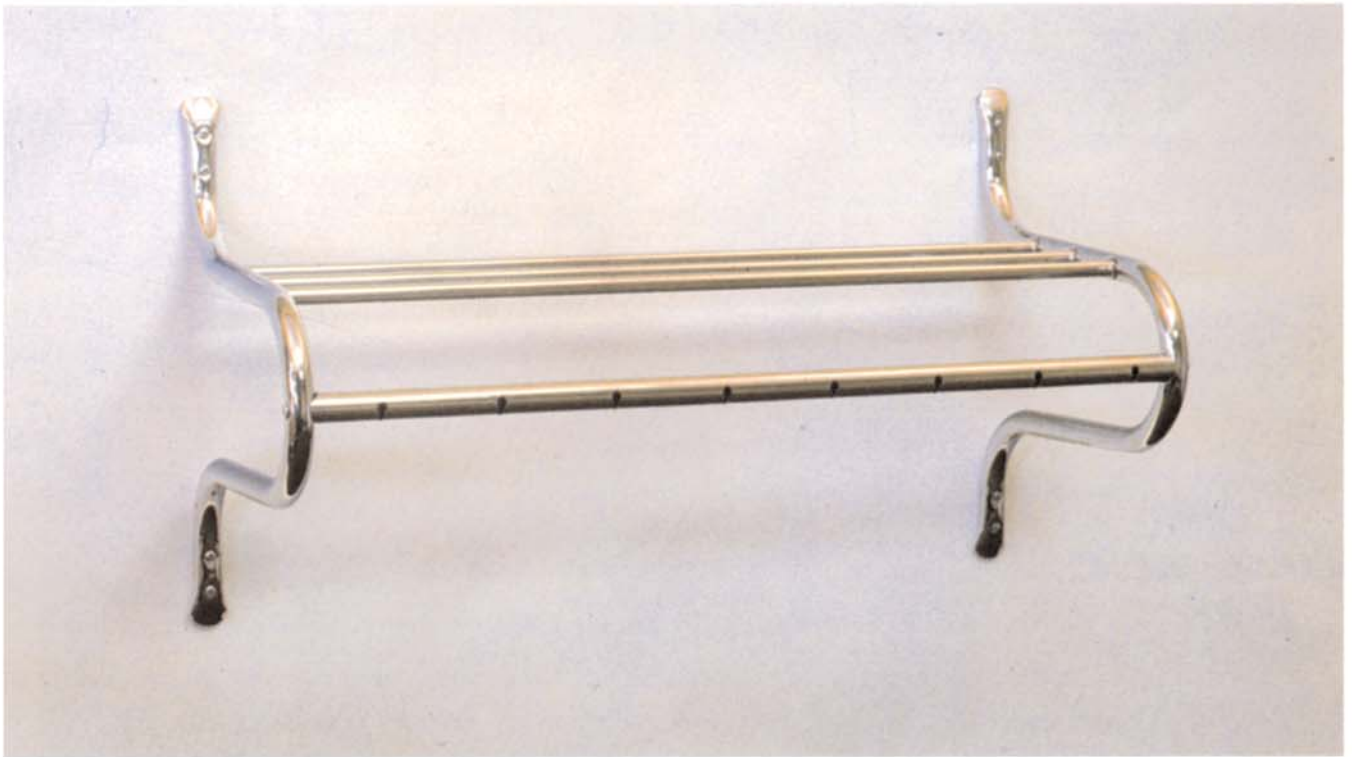

No. 401 series - 36" length

The 401 units are designed for shallow depth closets of under 28 inches. The hanger bar is positioned 11 ½ inches from the closet's back wall. These units allow ample hanger and garment clearance in the smallest of closets while providing the same large shelf area as the 301 units. The 401 units also provide all of the same cost savings and conveniences as the 301 units. Refer to pages 2, 3, 4 and 5 for specific details.

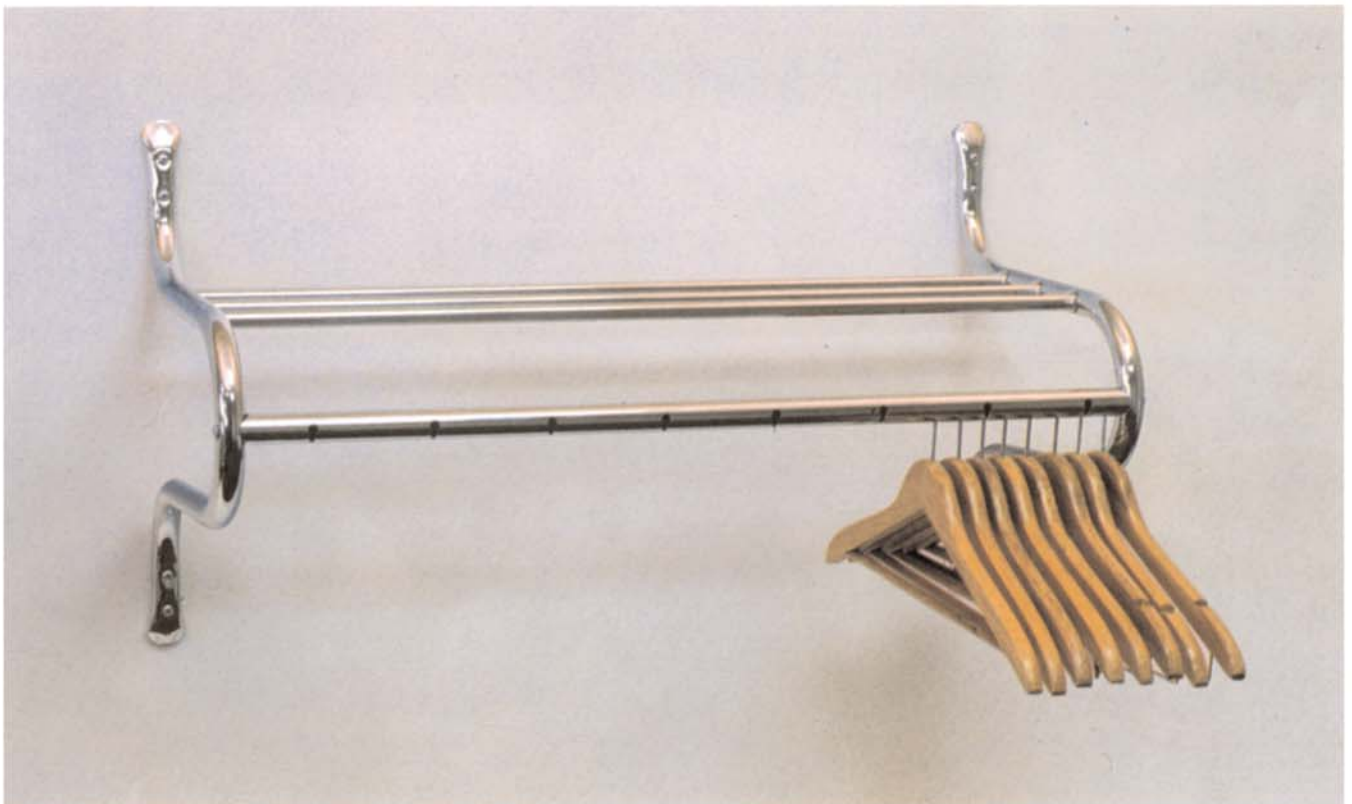

All of the 401 units have two accessory hooks on the shelf and hanger bar supports. Units of over 48 inches have four accessory hooks. The accessory hooks can be used by the housekeeping department to present closet amenity items such as shoehorns and lint brushes. The accessory hooks also provide the guests with a convenient fixture to hang garment bags, belts, handbags and other items.

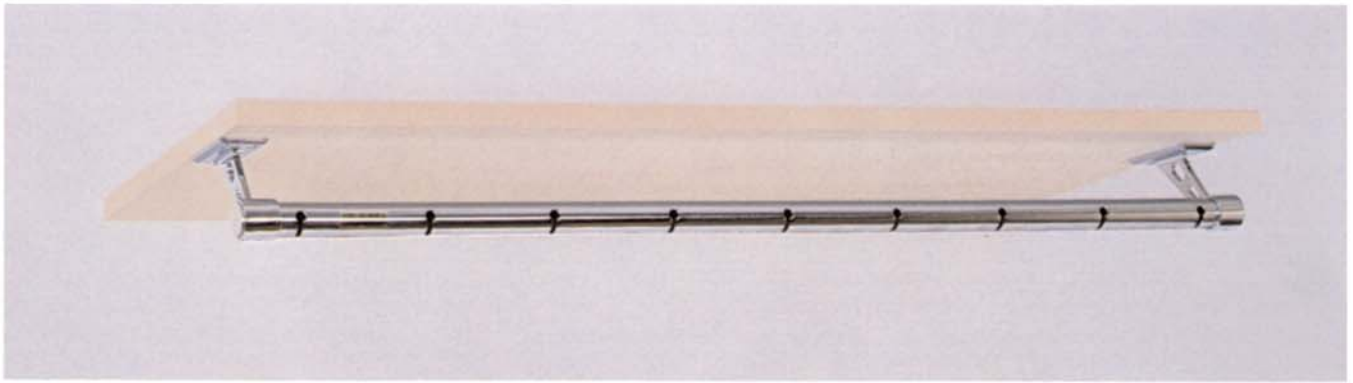

No. 101 series - 30" length

ALL KEYWAY® CLOSET UNITS
CAN BE PRODUCED IN CUSTOM SIZES

No. 101 series - 30" length

No. 701 series - 36" length

701 SHELF MOUNTING UNITS

These shelf mounting units are designed for use with existing shelving. They are ideally suited for renovation and other projects where installation of our complete 301 or 101 closet units is not practical. The 701 units provide your guests with the same convenience and ease of operation as the complete closet units.

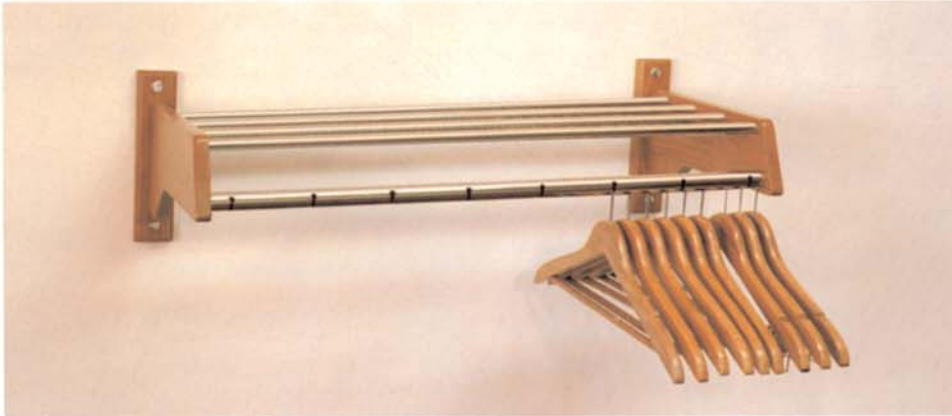

The attractive contemporary design compliments any decor. Both the hanger bar and it's mounting hardware are chrome plated for trouble free maintenance. Installation generally requires five minutes or less.

No. 701 series - 36" length

COMPLETE CLOSET PACKAGES

Hangers consist of both men's wooden suit hangers and ladies' combination wooden hangers with skirt clips. All hangers have a deluxe lacquer finish. Refer to Price List and Hanger Catalog for complete hanger specifications.

THE PROBLEM

UNTIL NOW THERE HAVE BEEN ONLY TWO CHOICES:

OPEN HOOKS

High operational costs
BUT
Convenience for your guests

BALL & "T" HEADS

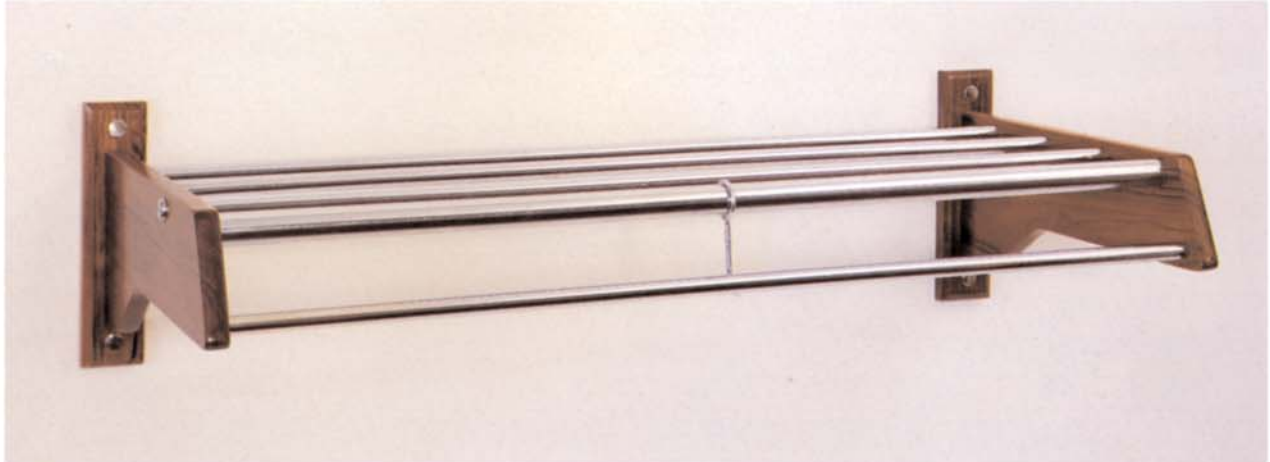

Inconvenient for your guests
BUT
low operational costs

THE PERFECT SOLUTION

ONLY THE KEYWAY® OPEN HOOK SECURITY HANGERS AND THEIR CLOSET UNITS PROVIDE BOTH THE CONVENIENCE OF OPEN HOOK HANGERS AND THE LOW OPERATIONAL COSTS OF BALL AND "T" HEAD HANGERS.

KEYWAY® HANGER CLOSET UNITS WITH $\frac{5}{8}$ INCH DIAMETER HANGER BARS

No. 501 series - 36" length

501 SERIES

The 501 series is a complete closet unit which can be installed in under 15 minutes. Significantly less expensive than furnishing closet areas with built-in shelving and closet rods. Light airy design brightens and enlarges closet and alcove areas. Articles stored on the unit's shelf area are unlikely to be forgotten. Cleaning requires only a quick wipe to maintain a fresh and sparkling appearance.

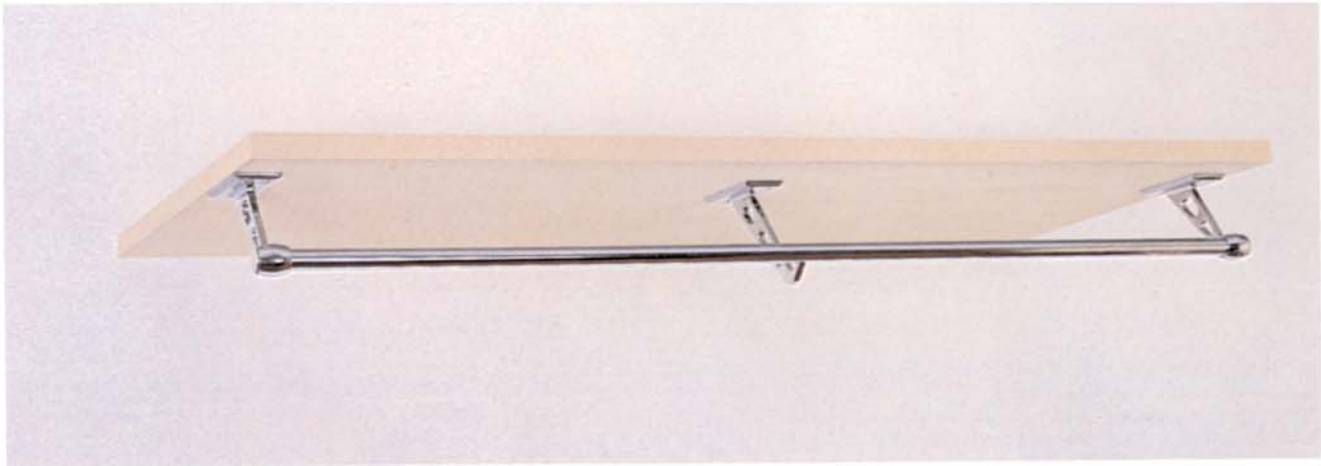

All hardwood construction with multicoats of clear lacquer finish. Available in natural or walnut finishes, solid teak wood or oak. Metal parts are brightly chrome plated.

KEYWAY'S® UNIQUE
HANGER BAR SUSPENSION
SYSTEM ASSURES ADE-
QUATE STRENGTH AND
PROVIDES UP TO FOUR
FEET OF UNOBSTRUCTED
HANGER MOVEMENT.

501 series

KEYWAY® HANGER CLOSET UNITS WITH $\frac{5}{8}$ INCH DIAMETER HANGER BARS

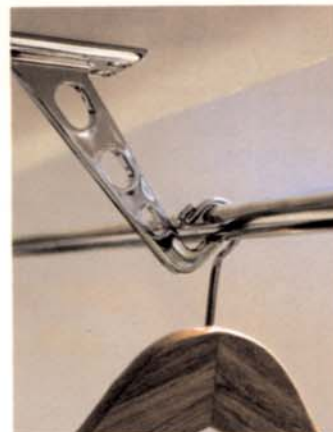

No. 901 series - 36" length

901 SHELF MOUNTING UNITS

These units are designed for installation underneath existing shelving and are ideally suited for renovation and other projects where the use of the complete 501 closet units is not practical.

The attractive contemporary design compliments any decor. Both the hanger bar and its mounting hardware are chrome plated for trouble free maintenance. Installation generally requires five minutes or less.

KEYWAY'S® UNIQUE HANGER BAR SUSPENSION SYSTEM ASSURES ADEQUATE STRENGTH AND PROVIDES UP TO FOUR FEET OF UNOBSTRUCTED HANGER MOVEMENT.

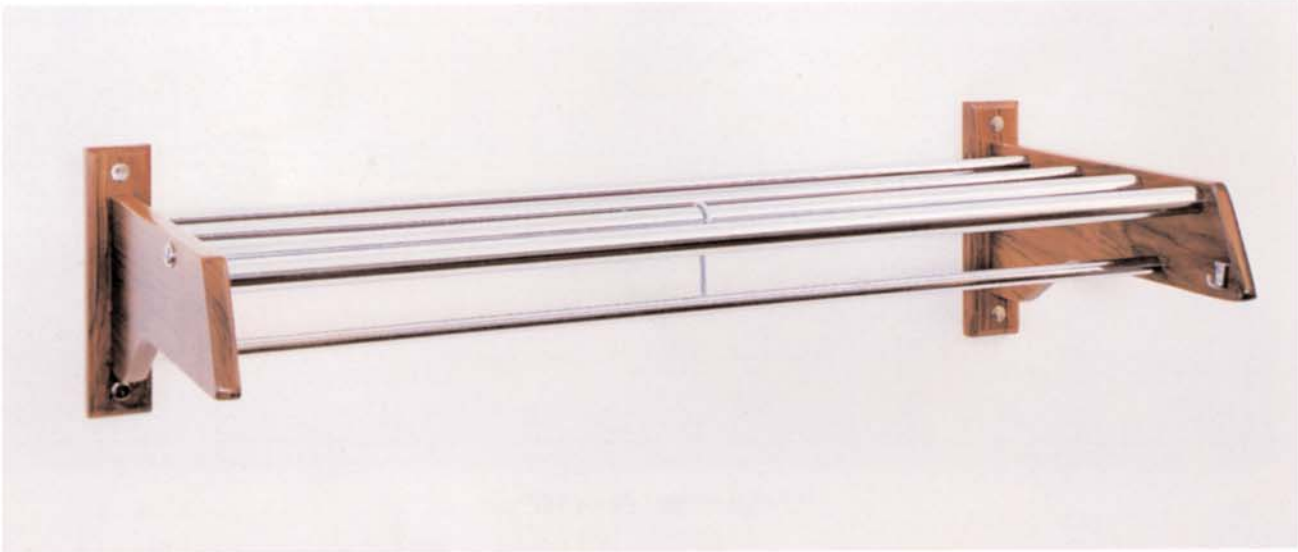

901 series

KEYWAY® HANGERS

KEYWAY® HANGERS AND CLOSET UNITS ENABLES YOU
TO ECONOMICALLY PROVIDE YOUR GUESTS
WITH OPEN HOOK HANGERS.

KEYWAY® hangers function exactly the same as normal open hook hangers; however, the size of the KEYWAY® hook is so small, virtually any guest who might consider removing a hanger is deterred by the obvious fact that the hangers have no practical use outside of the guestroom. The small size of the KEYWAY® open hook provides management with security and economy similar to that of ball and "T" head hangers, yet provides the guests with all of the conveniences of normal open hook hangers.

SHALLOW DEPTH CLOSET UNITS FOR KEYWAY® HANGERS

No. 601 series - 36" length

The 601 units are designed for shallow depth closets of under 28 inches. The hanger bar is positioned 11 ¼ inches from the closet's back wall. These units allow ample hanger and garment clearance in the smallest of closets while providing the same large shelf area as the 301 and 501 units. The 601 units also provide all of the same cost savings and conveniences as the 301 and 501 units. Refer to pages 2, 3, 4, 5 and 11 for specific details.

All of the 601 units have two accessory hooks on the shelf and hanger bar supports. Units of over 48 inches have four accessory hooks. The accessory hooks can be used by the housekeeping department to present closet amenity items such as shoehorns and lint brushes. The accessory hooks also provide the guest with a convenient fixture to hang garment bags, belts, handbags and other items.

KEYWAY® 815 SERIES CLOSET UNITS

5/8" DIAMETER HANGER BAR FOR USE WITH THE KEYWAY®
"NON-THEFT" MINI OPEN HOOK GARMENT HANGERS

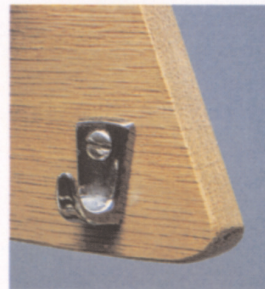

No.815 series - 36" length

The 815 series units are designed for both normal and shallow depth closets and alcoves. The hanger bar is positioned 11.75 inches from the closet's back wall. These units are constructed from select high quality hardwood. Decorative wooden shelf bars create a warm and tasteful appearance. All hardwood construction with multicoats of durable finish material. Standard finishes are Nepal teak, mahogany, walnut and lightly whitewashed "southwestern" finish. Fasteners used for mounting the units are attractively concealed behind matching wooden buttons. Shipped KD.

KEYWAY'S® PATENTED HANGER BAR SUSPENSION SYSTEM ASSURES ADEQUATE STRENGTH AND PROVIDES UP TO FOUR FEET OF UNOBSTRUCTED HANGER MOVEMENT.

All of the 815 units have two accessory hooks on the shelf and hanger bar supports. Units of over 54 inches have four accessory hooks. The accessory hooks can be used by the housekeeping department to present closet amenity items such as shoe horns and lint brushes. The accessory hooks also provide the guest with a convenient fixture to hang garment bags, belts, handbags and other items.
