

#### ALUMINUM SERIES

Like many home and ranch owners, you may be gathering information about Country Estate® Aluminum Fence because it is, once properly installed, free from traditional maintenance. Virtually every fence project is custom-fitted to a particular setting so we don't attempt to give pricing in our Aluminum Products Planning Guide. An Authorized Independent Country Estate Dealer in your area will, however, come to your home and provide an obligation-free quotation to help you complete your project.

Thousands of homeowners have installed Country Estate Aluminum Fence and we're always impressed with the positive comments they make. The high quality powder coated finish from Country Estate makes it appear ageless.

Your Authorized Independent Country Estate Dealer will be contacting you soon, but always feel free to call our toll-free number 1-800-445-2887 for immediate assistance. Thank you, once again, for asking about Country Estate Aluminum Fence.

# Country Estate® Aluminum Products... matchless integrity.

With more than 60 years of experience, Country Estate® has been the unmatched source for white polyvinyl fence, railing and decking for generations of customers. Homeowners and ranchers alike have come to depend on Country Estate Fence for its durability, life-long strength and matchless integrity, which is backed by one of the strongest warranties in the business.

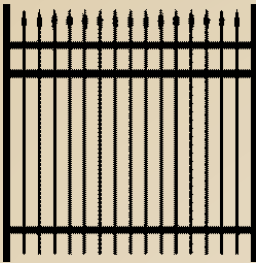

Now, Country Estate is proud to introduce its new line of aluminum products that promise comparable integrity. Available in a number of styles and colors, our aluminum fences promise the same level of durability our customers have come to expect from our vinyl products. We start with the highest quality aluminum shaped by precision extrusion and forming equipment. Then, we powder coat paint every surface, to make sure the color lasts for years to come. If you can find a better fence, buy it. But if you really compare features, warranty and reputation, we’re confident Country Estate Aluminum Products show up at the top of the list.

## Country Estate® Aluminum Residential - 100 Series

Homeowners who are looking for low maintenance, high quality fencing can’t go wrong with Country Estate residential fencing styles and options. It is an affordable alternative to wood fencing and perfect for backyard and light-use areas for your home. Our fencing styles come with sturdy rails, standard-sized pickets, 2” posts and spear top finials.

### CEF-AS 110 Spear Top

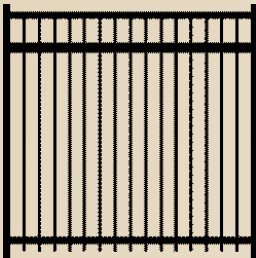

Evoking images of Victorian-era homes at the turn of the century, the CEF-AS 110 Spear Top fence represents the understated class of the finest homes of the time. Its spear point accent across the top gives passers by a regal view of hearth and home, while providing an acceptable method of maintaining one’s distance from the outside world. A sleek black aluminum finish is the perfect fencing for the front or back of large homes and estates.

CEF-AS 110

### CEF-AS 120 Flat Top

This streamlined fencing with squared-off features offers the look of simple mountainous retreats and fur tree-lined landscapes. It’s perfect for that private backyard feel or for poolside security. And the dual bar design across the top only adds depth to the overall look and feel. Ideal for residential and commercial use in many geographic locales, the 120 Flat Top stands apart from the standard appeal of other contemporary designs.

CEF-AS 120

### Pool Fencing

Country Estate Aluminum is the ideal solution for backyard pool fun. And, with residential, commercial and industrial grades available, Country Estate is the ideal solution for municipalities, apartment complexes and private clubs looking to secure a pool area. As with all pool fences, check all local codes with your local building inspector.

### Aluminum Gates

Drive down any country road and you’ll be in awe of the magnificent gates that span the entrance to some of today’s farms and estates. It’s your first impression to what lies beyond the gated entry. Country Estate’s complete line of aluminum gates, with powder coated finishes keeps these first impressions impeccable and majestic. Design choices include a wide array of heights, colors and finial accessories – perfect for making a statement about your home or property.

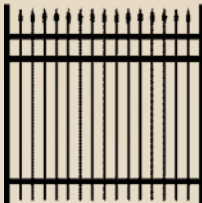

Country Estate® Aluminum Fence features elegance and beauty that will enhance your property. The large selection of distinguished styles features a durable, powder coated finish that provides years of protection from the elements. In fact, we place a lifetime limited warranty on every style.

Compare Country Estate Aluminum to any brand on the market. It not only adds permanent value, it is engineered to outlast virtually every other aluminum product.

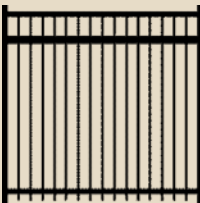

Country Estate Aluminum Fence is available exclusively through Country Estate Authorized Independent Dealers. Your dealer will assist you with planning, estimating and installing your fence project.

### Do you need a fence contractor?

An experienced professional with proper tools makes a job look easy and he produces a quality product. He will provide you with your total cost before the project begins. His expertise will help you with:

1. Building codes and permits, plus licenses and insurance as needed. Each political sub-division establishes its own requirements so they vary widely.
2. Buried utility lines can pose a danger. If you are not familiar with the “locator service” in your area, contact a utility and they will place you in touch. Most locator services will mark all buried lines to the meter—you will need to identify buried lines between any meter and your residence (including electrical, gas, water, sewer, telephone and TV cable). Errors can be very expensive and may put your fence contractor and his employees at great risk.

If you are installing your own Country Estate Fence, call 800-445-2887 for a free installation guide. Or download one from our website [www.countryestatealuminum.com](http://www.countryestatealuminum.com). The Country Estate warranty requires that the fencing be installed according to the manufacturer’s recommendations.

### Country Estate® Aluminum Products carry the industry’s finest warranty.

If you find a major manufacturer's published warranty on Aluminum fencing that you and/or your attorney feel will better protect your investment than Country Estate's published warranty, submit your request to us in writing along with a copy of the competitor's warranty and we will warrant our product using the competitor's warranty rather than ours.

### Color Selection

Country Estate Aluminum Products are available in two distinctive colors that make them the aesthetic match to virtually any architectural style or design. All colors are powder coated to provide a durable finish with limited maintenance.

Bronze

Black
