

LiftMaster®

GARAGE
DOOR
OPENERS

The world's #1 professionally installed garage door opener

Suburban homes. Luxury residences. Weekend retreats. At every entrance and every point of access, we provide products to meet your customers' needs, with the style, convenience and safety your customers demand all from one source.

- Largest selection of garage door openers available to meet the needs of each homeowner.
- Installed and backed by the nation's largest professional dealer/distributor network.
- Part of our complete perimeter access system, including gate operators, telephone entry and access control systems, commercial door operators and radio controls.
- Safety features include Security+® anti-burglary technology, The Protector System® safety sensors and PosiLock®, which keeps garage safe from intruders.
- All models compatible with HomeLink®, the in-vehicle universal remote control.

For model selection, specifications and more details, see chart, visit www.liftmaster.com or call 800.282.6225.

LiftMaster®

If all homes were the same, any garage door opener would do.

ELITE SERIES™

Maximum lifting power, specialty features and our finest accessory packages deliver exactly what you want...everything.

3/4 HP models

Professionally installed garage door openers with 3/4 HP strength

- 50% more power than most openers on the market
- Designed to perform better in cold weather climates
- Choice of rugged chain or quiet belt drive
- Extra horsepower and stability to lift even the heaviest garage doors

Belt drive DC model

with integrated EverCharge® Standby Power

Now when the power goes down, the garage door still goes up.

- Ideal for homes with a room above the garage
- The quietest system available, featuring slow start and slow stop operation
- Strong, reliable belt drive
- Voted #1 by a leading consumer magazine

Residential jackshaft garage door opener

Ultra-quiet, space-saving, wall-mounted design

- Designed to fit any standard residential garage door
- Specially designed for garages that don't allow for a traditional garage door opener
- Ultra-quiet 24V DC motor performance
- Optional external EverCharge® Standby Power system reliably opens door even when the power goes out
- Optional Alternate Power System provides installation flexibility when power outlet is not available within 6' of opener
- Optional Alternate Mounting Kit solves problems with low headroom or obstructions

PREMIUM SERIES

Performance enhanced with features you want.
Available in a choice of chain, screw and belt drives.

CONTRACTOR SERIES

Available in chain and screw drives.

To see our complete accessory line, please visit www.liftmaster.com.

Smart Control Panel™

Displays time, temperature and garage door opener diagnostic messages.

Premium Remote Control

The ultimate garage door opener remote control.

Fingerprint Wireless Keyless Entry

Easily opens garage doors with advanced fingerprint sensor technology.

Wireless Keyless Entry

Opens and closes garage doors with exclusive one-button-to-close feature.
