

COPPERCRAFT

BY **FABRAL** A EURAMAX COMPANY

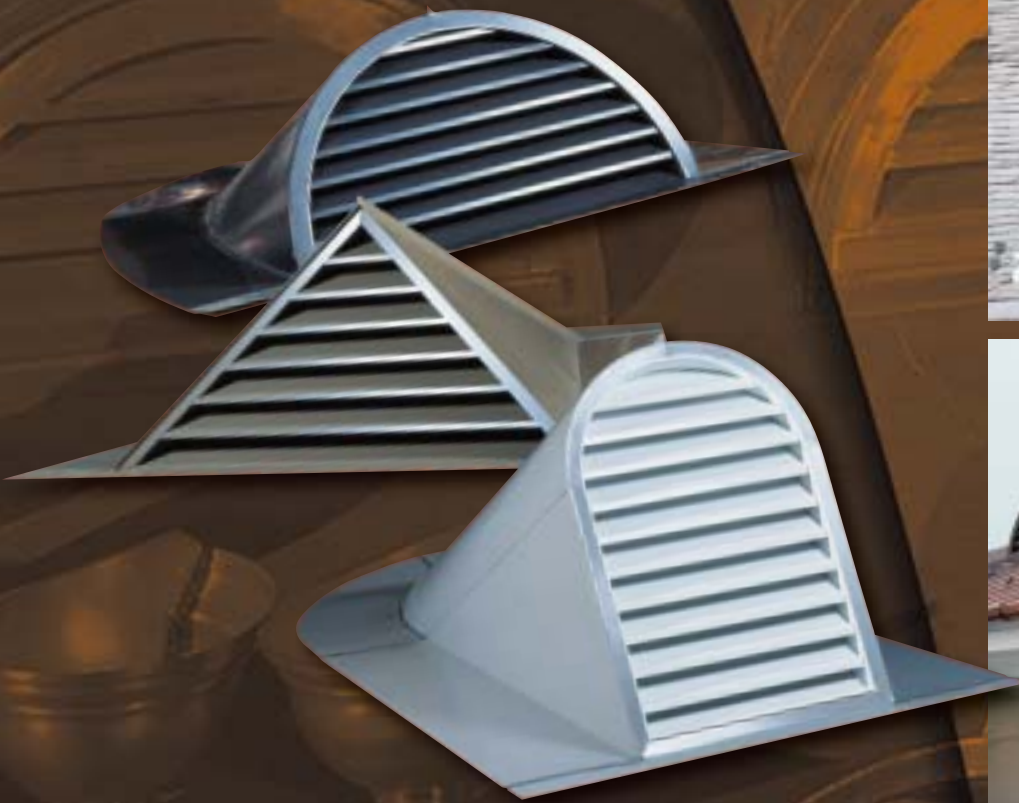

08 91 00/COP
BuyLine 2670

Ventilate your attic space and enhance the beauty of your project with a **COPPERCRAFT** Louver Dormer.

COPPERCRAFT offers a complete line of standard styles including Half Round, Gable, Round Top and Eyebrow dormers.

All of these standard styles come in a broad range of sizes or we can custom fabricate to fit your needs.

LOUVER DORMER

COPPERCRAFT dormers are self contained prefabricated units that require no framing and are ready to set into place. Units have large factory soldered roof flanges to receive slate, standing seam or shingles.

Design, engineering, testing and fabrication methods that meet stringent structural and performance standards make the difference. At **COPPERCRAFT** we don't just cut and solder sheet metal into attractive ornaments, we design and engineer our product line from the inside out.

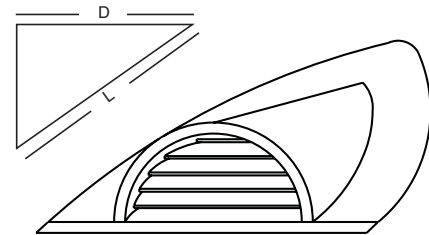

800-486-2723 | www.coppercraft.com | info@coppercraft.com.

- Tops are available in a wide range of materials in standing seam, flat seam and full smooth sheet (when sizes allow).
- Louvers are available with insect and/or bird screen of compatible material.
- Call for details and specifications.

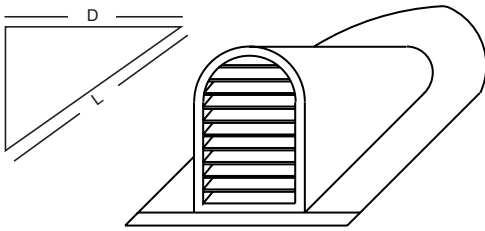

The following charts indicate sizes and framing requirements.
