

FIXED AND PORTABLE AUDIENCE SEATING

VERSALITE® AND TROUPER® SEATED RISERS

Performance Spaces

Music Rehearsal Rooms

Large Capacity Seating

Wenger Versalite and Trouper Seated Risers have been fixtures in facilities for decades. The combinations and configurations are limitless. The unique pie-section design and interchangeable components can be rearranged into horseshoe, winged, arc, or rectangular configurations. And seated risers don't reduce the cubic volume of the space, which enhances acoustics.

Visit wengercorp.com for a complete description of all Wenger seated riser configurations.

UPPER DECK AUDIENCE SEATING®

Upper Deck Audience Seating® Tiered Risers

The most innovative solution to adding large-capacity audience seating with minimal effort and time. A crew of four can set up seating for 200 in under two hours. A wide variety of configurations are available to best fit the designs of your space.

With its fold-out frame, Upper Deck doesn't have to be completely disassembled to take it down. Just remove the decks and rails and fold it flat against the wall.

Corner sections not only allow you to create aisles for access to an entry and exit door, but they let you have 45 degree or 90 degree angles to maximize seating and improve sightlines.

Columns, endframes, and trusses lock together to create a sturdy, quiet structure. All components connect quickly and securely without tools.

Backrails and endrails also attach quickly and securely with their own integrated locking system. Both rails meet all applicable building code standards.

FIXED AUDIENCE SEATING

12 61 00/WEN
BuyLine 7227

Wenger Corporation provides an array of innovative, high-quality solutions for performance facilities around the world. Fixed Audience Seating is the newest addition to our portfolio of products. Wenger has designed seats with an extremely efficient and quiet lifting mechanism that eliminates noise. Handcrafted and ergonomically designed with lumbar support for lasting quality and superior comfort.

Series 100
The most economical solution for fixed audience seating that combines lasting comfort with attractive styling.

Series 200
Handcrafted seats with fine wood finishes and premium fabrics.

Series 300
Handcrafted with fine wood finishes and premium fabrics like the Series 200 but includes a pedestal base for HVAC installations.

PORTABLE AUDIENCE CHAIRS

Portable Audience Chairs

Portable Audience Chairs combine the elegance of high-end permanent seating with the versatility of a folding chair. Available in a wide variety of configurations, colors (64 fabric colors) and sizes.

High-Density Portable Audience Chairs by Clarin®

This strong, durable folding portable audience seating won't leave marks on gymnasium or auditorium floors, so you can use them anywhere. The special X-frame construction prolongs the life of the chair and provides even weight distribution for enhanced comfort. The exclusive Duraflex action assures level seating on uneven surfaces — and the chair frame automatically returns to its original shape.

Locking chairs together in a row is a simple task.
