

CORNER STORAGE CABINET

Capitalize on the underutilized corners of your rooms.

The Corner Storage Cabinet from Wenger is the perfect way to put wasted corner space to work, offering you a variety of storage solutions for all your music facility equipment. The Corner Storage Cabinet is a great addition to Wenger's extensive line of Instrument Storage Cabinets. It can be integrated into a larger cabinet configuration or used separately as a stand-alone solution.

The Corner Storage Cabinet is available in Stationary Shelf or Revolving Shelf models. The Stationary Shelf model offers large space with up to six adjustable shelves for storing large musical instruments and sound equipment or garment bars for hanging robes and uniforms. The Revolving Shelf model provides easy, 360-degree access to all your equipment as well as additional

capacity for storing apparel, flags or rifles. Both Corner Storage Cabinets feature the same heavy-duty construction as all Wenger cabinets, so you can be confident that they'll stand up to daily use and continue to look good for years.

Now you have more options to organize your music facility equipment and put an end to wasted space with Corner Storage Cabinets from Wenger.

CORNER STORAGE CABINET

Stationary Shelf
Ventilated shelves and hanger bars are ideal for storing robes, uniforms or other apparel. Cabinet top also features ventilation holes to prevent mildew build-up.

Revolving Shelf
Revolving hanger bars provide high density storage for uniforms. Available with up to six 360-degree shelves for quick and easy access.

Stationary Shelf
Up to six 30" (76cm) wide adjustable shelves offer plenty of storage space for large instruments, sound equipment and other items. Bottom area offers easy storage of rolling equipment like timpani.

Revolving Shelf
Padded bottom shelf and revolving frame keep flags and rifles secure and organized. Rear reflector panel prevents items from falling into the back of the cabinet.

CORNER STORAGE CABINET SPECIFICATIONS:

Stationary Shelf Model

- Heavy-duty bolt-through construction, with hinges and doors load-tested at over 300 pounds (136kg).
- Cabinet panels made of 3/4" (19mm) thermofused composite wood construction with polyester laminate.
- Polyethylene shelving offers outstanding durability.
