Slip-resistant floors.....	2
Super durable vinyl floors.....	3 - 4
Luxury vinyl floors.....	5 - 6
Heterogeneous sheet vinyl.....	7 - 8
ESD flooring.....	9
Cork floors.....	10
Rexcourt gym floors.....	11
ECOsufaces recycled rubber flooring.....	11

Great commercial design is about more than finding the perfect look. Many installations pose challenges far beyond aesthetics. That's where Gerbert Ltd. comes in. We work exclusively with Dodge-Regupol, Polyflor and LG Floors to provide designers, architects and contractors with specialty floors for challenging installations. You'll find floors that meet demanding specifications as well as discriminating tastes.

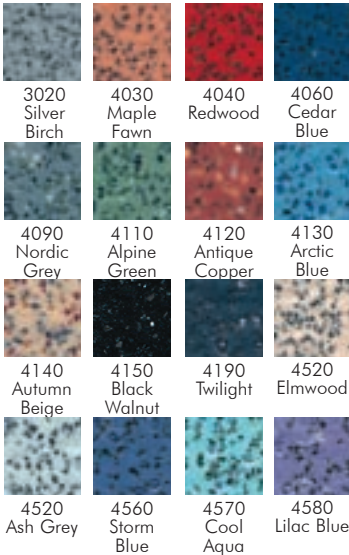

### Get all the details

The swatches shown here are just a small sampling of the many colors and designs available through Gerbert. For a full set of samples, plus detailed specifications on any **Polyflor, ECOSufaces, Gerbert Cork or LG REXCOURT™** floor, call Gerbert at **1-888-359-5466** or visit [www.gerbertltd.com](http://www.gerbertltd.com).

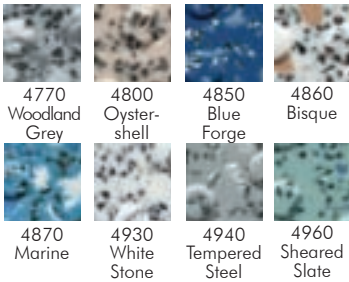

On our cover, clockwise from top left, Gerbert offers it all: Polyflor Prestige PUR, school; ECOSufaces, retail store; Rexcourt, school gym; Dodge Cork flooring, college; Polyflor Expona, bar/restaurant.

# Sure and safe | Slip-resistant floors

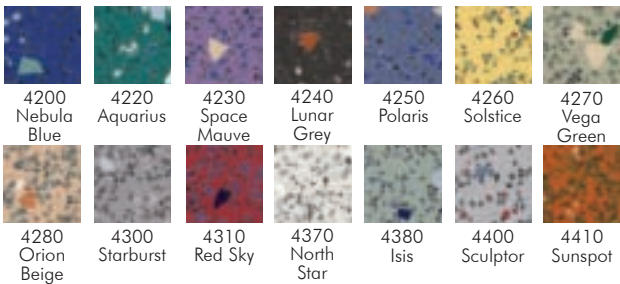

## Polysafe Standard

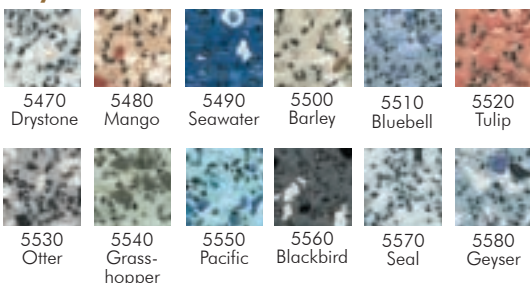

## Polysafe Hydro

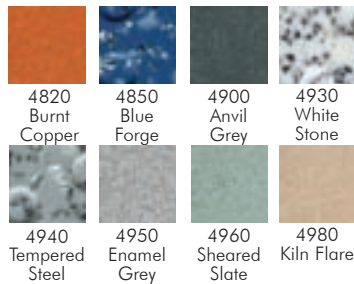

## Polysafe Astral

## Polysafe Corona

## Polysafe Design

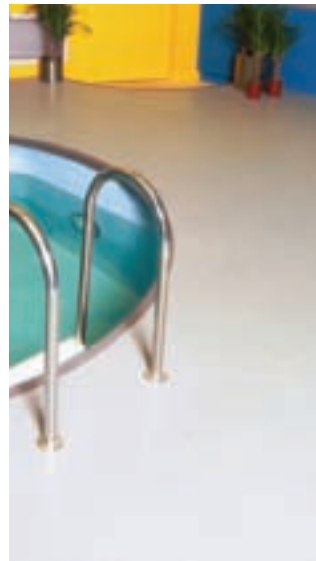

## Polysafe [www.polyflor.com](http://www.polyflor.com)

The Polysafe family is a comprehensive collection of vinyl safety floors designed to fit every application and budget. Polysafe floors contain quartz crystals, aluminum oxide and silicon carbide particles incorporated throughout the full thickness of the vinyl to improve traction and safety underfoot, and are enhanced with antibacterial protection. Polysafe Astral, Polysafe Corona and Polysafe Design feature Suprtec+, an advanced polymer technology that reduces maintenance costs by up to 60%. Suprtec+ offers excellent stain resistance, and scuff marks can actually be "walked off" through normal traffic.

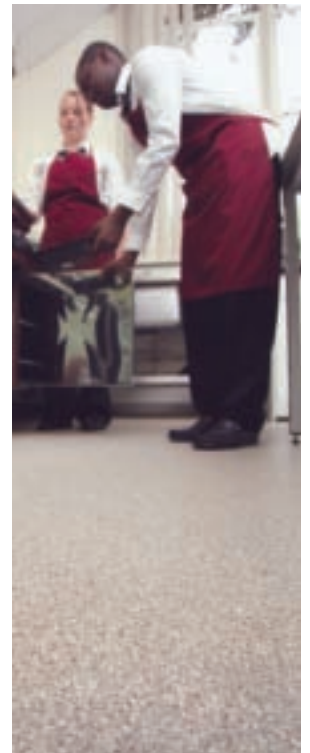

Polysafe Standard, nursing home bathroom

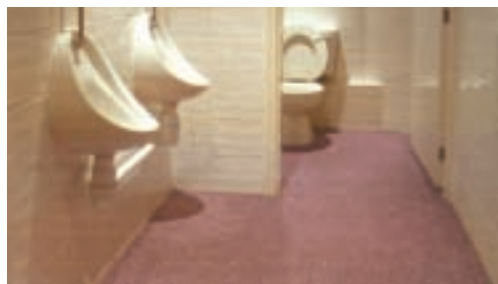

Polysafe Hydro, hot tub surround

### Polysafe Options:

- 7 design groups: Standard, Hydro, Vogue Ultra, Astral, Design, Ultimate and Corona
- 53 total colors
- 2mm, 2.5mm, 3.5mm and embossed rolls

Polysafe Corona, commercial kitchen

Polysafe Astral, mens room

# Super durable floors | for those who would...

## Polyflor Standard XL

Durable, easy to maintain and hygienic...for commercial applications that demand great looks without the upkeep. Gerbert offers a variety of floor options that require no wax or chemicals to maintain. These long-wearing designs are ideal for showrooms, department stores, hotels, restaurants, hospitals and schools — even airports and malls — anywhere you want an easy-to-maintain, hard-wearing floor with an attractive, modern look.

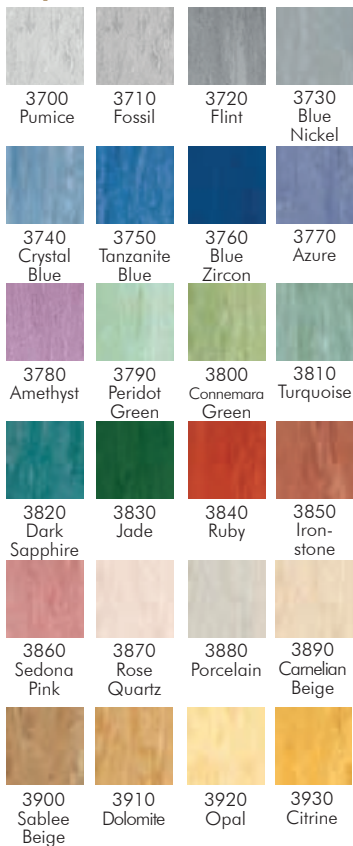

**XL and XL PU Options:**

- 40 total colors
- 2mm and 2.5mm
- Rolls and tiles

## Polyflor XL and XL PU

An affordable commercial flooring solution, these easy to maintain marbled designs were created for long life under heavy traffic. Brilliant colors and high performance combine for hard-wearing, hard-working floors that look great year after year. Available in rolls and tiles for design flexibility in your specific application, Polyflor XL and XL PU floors are two of the best values you'll find in commercial flooring. Save up to 24% on maintenance with PU compared to untreated products.

## Polyflor XL PU

Polyflor XL PU, children's center

Polyflor XL PU, children's hospital

Polyflor Standard XL, school

# ...rather admire a floor than care for it.

## Polyflor<sup>PR</sup> (Polyurethane reinforcement)

Never needs wax or polish! A worry-free polyurethane reinforcement allows these high performance, heavy duty homogeneous floorcoverings to resist scuffs and soil while retaining a wax-free shine for the life of the product. **Save up to 48% on maintenance** with PUR compared to untreated products. Polyflor's PUR enhanced protection is offered in these flooring lines, featuring non-directional design, and all available in both sheet and tile:

## Classic Mystique and Mystique<sup>PR</sup>

Classic Mystique PUR offers tonal, neutral colors. Mystique PUR features a contemporary sophisticated design comprised of duotone base with 3 highlight chips.

## Prestige<sup>PR</sup>

Duotone base chips and tonal highlight chips.

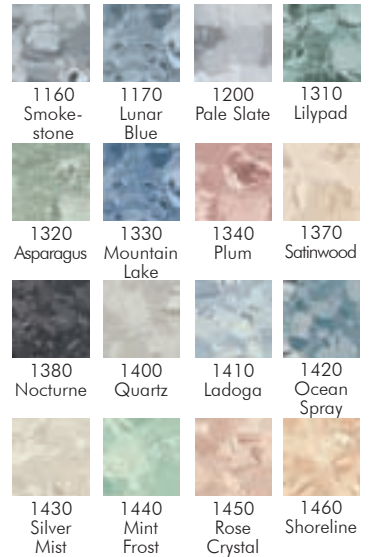

## 2000<sup>PR</sup>

Marbelized look designed with duotone base and two highlight tones.

### PUR Options:

- 4 design groups: Classic Mystique PUR, Mystique PUR, Prestige PUR and 2000 PUR
- 68 total colors
- 2mm for Classic Mystique PUR, Mystique PUR, Prestige PUR
- 2mm & 2.5mm for 2000 PUR
- Rolls and tiles
