# Safe bet | Slip-resistant never looked so beautiful

## Polysafe [www.polyflor.com](http://www.polyflor.com)

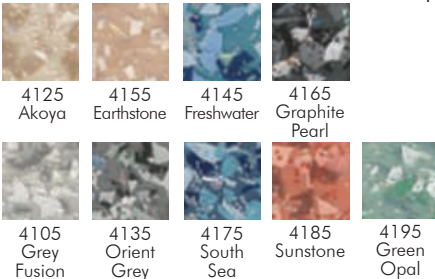

If you need slip resistance, Polyflor's Polysafe line of heavy-duty vinyl safety floors offers you 9 collections, designed to fit every application and budget:

- Polysafe provides improved traction, safety underfoot, and antibacterial protection
- Polysafe is perfect for wet, high traffic areas, such as food markets, kitchens, lobbies and bathrooms
- Polysafe Astral and Polysafe Corona feature Supratec+, an advanced polymer technology that reduces maintenance costs by up to 60%. Supratec+ offers excellent stain resistance
- Polysafe is easy to install and provides superior durability
- All Polysafe products have slip resistance which is assured for the guaranteed life of the product
- Polysafe collection is available in rolls.

### Expona Stone & Material

See [www.gerbertltd.com](http://www.gerbertltd.com) for more specifications and technical info on Expona products.

Polyflor Expona Wood, McCafe

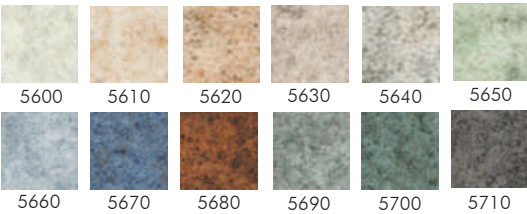

The natural environment is the primary inspiration for the Forest FX collection. With 14 realistic timber designs, the collection of heterogeneous vinyl sheet floorcoverings has excellent durability, and is ideally suited for high-traffic commercial interiors. The unique appearance of stone landscapes is the inspiration behind the Stone FX collection. From the earthy tones of granite and rock to the intense colors of the surrounding environment, the collection has been designed to reflect the beauty of nature. Both collections feature a polyurethane reinforcement (PUR) which provides enhanced protection and an **overall saving of maintenance cost of up to 48%**.

**Forest FX**

**Stone FX**

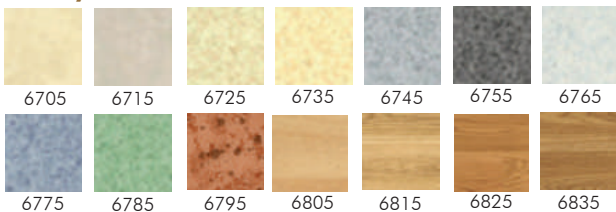

Polyflor Stone FX, hospital

Forest FX Acoustic offered in 10 wood shades, see [www.gerbertltd.com](http://www.gerbertltd.com)

## Polyflor Forest FX & Gallery FX Acoustic

Forest FX and Gallery FX Acoustic are vinyl sheet floorcoverings providing impact noise reduction and comfort underfoot. These products are closed-cell foam backed floorcoverings that incorporate polyurethane reinforcement (PuR), which provides enhanced protection and an easier maintenance regime. Forest FX and Gallery FX Acoustic meet the high sound reduction level of 19dB.

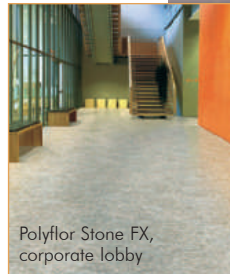

**Gallery FX Acoustic**

# Simply amazing durability | Never polish, never wax

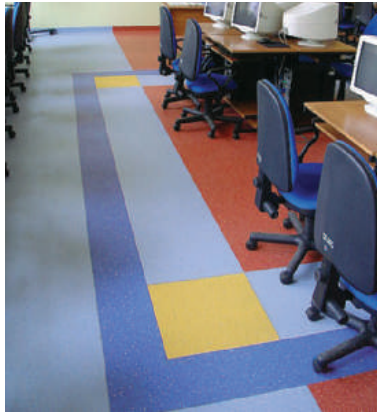

## Polyflor **PUR** (Polyurethane reinforcement)

Polyflor's PUR enhanced protection is offered in three flooring lines, featuring non-directional or marbelized designs, all available in both sheet and tile with our unique worry-free polyurethane reinforcement:

- High performance, heavy duty homogeneous floorcoverings resist scuffs and soil while retaining a wax-free shine for the life of the product
- Save up to 48% on maintenance with PUR compared to untreated products.
