

Dishwasher

Kenmore PRO gives as much attention to clean up as preparation. The premier dishwasher offers the size, flexibility and cleaning power necessary to clean everything that you cook with.

Stainless Steel Giant Tub™ holds items up to 13" tall in lower rack, 11" tall in upper rack.

QuietGuard™ ultra sound package allows you to run your dishwasher anytime.

Premium Nylon Rack System features smooth glide rails, fully adjustable and removable rack inserts and deluxe adjusters on the upper rack for the ultimate in flexibility and convenience.

TurboZone™ with 24 rotating spray jets blasts water into every square inch of dishes placed in the wash area, providing cleaning coverage even into the hardest-to-clean corners of the dirtiest casseroles and bowls used in your culinary pursuits.

The splittable silverware basket and culinary caddy offer the flexibility needed to clean all of your culinary tools.

SmartWash™ with Optical Soil Sensor uses an advanced detection system to calculate the correct amount of water, time and energy needed to clean every load.

Additional Features:
