*"Our Mission: Your Success"*

## COMMERCIAL INDUSTRIAL LAUNDRY EQUIPMENT

### *"Our Mission: Your Success"*

*At Continental, we believe that the success of our customers determines the continued growth and success of our company. That's why we're committed to providing our customers with a full line of quality-built Continental commercial industrial laundry equipment; as well as a multitude of marketing and service support programs. Continental offers a complete laundry operations package that is designed to assist customers in building strong foundations for their businesses. From a dedicated service team and large parts and equipment inventories to CustomSelect™ financing and comprehensive planning services, "Our Mission is Your Success".*

### *Continental The Company*

Continental Girbau, Inc. is the North American subsidiary of Girbau S.A., a world-renowned manufacturer of commercial and industrial laundry equipment. Girbau S.A. is a privately-held company that is owned and operated by second and third generations of the Girbau family who have focused on the engineering of technologically advanced laundry systems for over 80 years. The company, which originated in 1924, has become a multi-million dollar manufacturer that markets its products in more than 80 countries with nine company-owned subsidiaries including Continental Girbau, based in Oshkosh, Wisconsin. Continental's product offerings include: washer-extractors in 18- to 255-lb. load capacities, 20- to 225-lb. drying tumblers, 8- to 32-inch roll flatwork ironers, top-load washers, commercial dryers, top transfer tunnel washers, linen handling systems and other associated industrial laundry equipment.

### *Quick Turnaround On Equipment Orders*

Continental understands that in order to keep your laundry operating efficiently, you need fast delivery on equipment orders. Continental's expansive warehousing facility stores hundreds of commercial washer-extractors, drying tumblers and flatwork ironers that are ready to ship when you need them.

### *Large Parts Inventory: Rapid Delivery*

Fully stocked parts and components for Continental's entire line of commercial and industrial laundry equipment are readily available through Continental's parts department, or through its worldwide professional network of distributors. Whether you need motors, belts, microprocessor controls or simple nuts and bolts, they are ready to ship on short notice.

## *Laundry Equipment: A Long-Term Investment*

Deciding whether to repair existing or invest in new laundry equipment can be difficult. That is why Continental offers its unique CustomSelect™ financing programs. Each program contains numerous options which can be customized to meet your financial requirements. Depending on the type of buyer you are, Continental offers programs that are specially designed for the new or existing business owner. The type of project, whether its a new construction or laundry renovation, also plays a key role in determining which program best suits your needs. Our competitive rates and choice of program options make CustomSelect™ financing the right decision for the long-term investor.

The image shows a detailed financing application form titled "Continental CustomSelect". It includes sections for "Customer Information", "Equipment Information", and "Financing Information". The form is filled out with various details, including a "CREDIT APPLICATION" section at the bottom right.

## *Worldwide Distributor Network: A Strong Link*

Continental not only offers a premier line of industrial and commercial laundry equipment but also a strong, well-established distributor network that is ready to assist customers with their questions/concerns. Continental has established strong partnerships with its distributors to ensure that you receive the very best in customer service and support before, during and after the sale. At Continental, a high priority is placed on education. We believe that in order for our distributors to offer total service to our customers, education on industry trends, equipment applications and product service must occur on a continuous basis. We accomplish this goal through on-going distributor education programs designed to assist you with your laundry needs.

## *Laundry Design Services: The Possibilities Are Endless*

Remember when you had to envision what your laundry would look like based on a simple pencil sketch? Well not anymore with Continental's laundry design service. Now you can receive full color renderings of your laundry taken from several different angles inside an imaginary layout for a more realistic idea of how the laundry would look upon completion. Determine equipment size, work flow patterns and amount of space needed to make customers feel comfortable before you build. With Continental's laundry design service the possibilities are endless.

## *Open The Door Of Opportunity*

Now you can walk into a world of opportunity at Continental Girbau, Inc. Our large, state-of-the-art showroom features fully-operating coin and on-premise laundry equipment for live demonstrations to give you a better idea of how Continental's equipment and its' unique features can benefit your laundry operation.

## *Dedicated Service Team: A Phone Call Away*

Continental's team of dedicated service experts is available at a moments notice to assist customers in solving unexpected service issues. Special in-house and field service training seminars are conducted several times per year to help laundry professionals gain additional knowledge on Continental products. During the seminars, Continental authorized service experts can take you step-by-step through the various unique features on Continental laundry equipment. Wiring, troubleshooting and an in-depth understanding of Continental's industry premier microprocessor controls are also addressed so that customers are confident dealing with any service issue that may arise.
