

I Make Countertops

Countertops that you'd expect from the industry leader

Broadmoor at Jordan Creek

Built in West Des Moines, IA's hottest neighborhood, the Broadmoor apartment complex is located next to the Jordan Creek Mall. Jeff Fanning and his experienced fabrication team at Tops Plus in Des Moines, IA, have spent two years on this job. The job is somewhat unusual since Broadmoor is the builder and also is the owner and operator of the complex. The complex includes 305 units as well as a clubhouse that contains 200 LF of countertops. The project will total approximately **9,000 LF of Tempo countertops** in three Wilson Art colors.
