

OUTDOOR COLLECTIONS

FURNITURE · TEXTILES · ACCESSORIES

Restoration Hardware Contract offers Commercial-quality outdoor furniture and accessories in the most weather-defying materials available. Our collections fit every design aesthetic and a wide range of applications, whether it's a contemporary South Beach pool, transitional beach resort room balcony, or classic dining installation.

QUALITY MATERIALS AND CONSTRUCTION

Our outdoor furniture is crafted from sustainably harvested premium-grade A Indonesian teak, rustproof cast aluminum, all-weather wicker and solid hardwoods.

Metal Furniture

Artisans meticulously handcraft our aluminum furniture from rustproof aluminum with precision welds and reinforced stress points. They then apply the finishing touches by hand: fine grinding to ensure smooth joints, and a triple application of a weather-resistant and UV-inhibiting coating that's 10 times more durable than paint. Elegant and hard-wearing, our aluminum collections feature well-proportioned curves and distinctive detailing. All are virtually maintenance-free.

All-Weather Wicker

Our all-weather wicker furniture combines the classic look of wicker or rattan with the highest quality man-made fibers for superb durability. Artisans weave the fibers by hand around fully welded, rustproof aluminum frames, resulting in lightweight and corrosion-resistant furniture. This time-intensive process means that each unique piece can take up to a day to complete. The fibers are extremely soft and supple, yet are highly resistant to mildew, fading, sagging, staining, tearing and cracking. Tables are topped with tempered glass. Available in a range of design choices, weaves and finishes, all-weather wicker offers a beautiful, weather-resistant choice for outdoor furniture.

Teak Furniture

We've hand selected only the finest sustainably harvested, plantation-grown premium grade A Indonesian teak for our outdoor furniture. Hard wearing, dense and virtually impervious to sun, rain, frost or snow, it promises at least 25 years of service. We kiln dry it to ensure accurate, close-fitting joints, then craft it with precision mortise-and-tenon joinery for the most sturdy construction. All of our teak furniture is pre-assembled to ensure it meets our highest manufacturing standards, then delivered to your door ready for use. Our commercial umbrellas are manufactured to marine-grade specifications with stainless steel components and designed to be serviced in the field with replaceable parts.

SUSTAINABILITY

We consciously look for ways to produce sustainable products. These include:

- **Teak Collections**
sustainably harvested, premium-grade A Indonesian teak
- **All-Weather Wicker**
non-toxic, recyclable, high-density polyethylene does not contain PVC
- **Outdoor Fabrics**
Sunbrella® Products certified to be low-emitting by the GREENGUARD Environmental Institute (GEI)
- **Commercial Umbrellas**
engineered for extra strength and longevity with easily replaceable parts to further extend the product's life

CARE

All of our outdoor furniture products require minimal maintenance. A simple rinsing with soap and water is sufficient for all-weather wicker and metal furniture. To maintain teak's original color, we recommend use of our teak cleaner and any water-based teak protector. To maintain silver grey patina, simply clean with soap and water. Additionally, we offer a complete line of furniture covers in 12-gauge polyester with a vinyl backing.

Our Sunbrella® covered cushions are designed to be soil, stain, and water resistant. A complete cleaning guide is available on Sunbrella.com. Cushions should be stored indoors during inclement conditions.

For more detailed information on teak and cushion care, please consult your Restoration Hardware Trade's Regional Business Development Contact as listed in the Contact section.

WARRANTY

Our outdoor furniture collections carry a 3-year commercial warranty covering defects in workmanship and craftsmanship. Our commercial umbrella's carry a 1-year warranty covering defects in workmanship and craftsmanship. For all other warranty questions please refer to our Trade Terms and Conditions.

PRODUCT AVAILABILITY

Special Orders: All of our Residential multi-unit developers as well as our Hospitality and Commercial customers are encouraged to order in bulk. Minimum order quantities apply, and we determine our pricing on a project-by-project basis. Our special order pricing is our most aggressive pricing structure. Our lead time for outdoor furniture special trade orders is approximately 90 to 120 days. Outdoor cushions and umbrellas can be produced in 3-6 weeks.

Express Program

While our standard Restoration Hardware Contract lead time for delivering most products is 90-120 days, we realize that Residential multi-unit developer, Hospitality, and Commercial customers often need products more urgently. Those products marked with (Exp.) throughout this book, can be delivered to your project within 2-3 weeks. Although not priced as aggressively as products that are special order, our Express products are priced more aggressively than our standard Contract discount.

Contract-only Promotions

We run many Contract-only promotions throughout the year. The options vary, but all products in our promotions are available for immediate shipment. The pricing is similar to our Express inventory, though promotional products and pricing is while supplies last only.

Samples and Model Products

We use stock set aside for our retail business to satisfy our Residential multi-unit developer, Hospitality and Commercial customer's requirements for samples and model room projects. These products are offered at a 20% discount from full retail pricing.

VENTANA

CONTEMPORARY ALL-WEATHER RESIN COLLECTION

Our streamlined stackable Ventura Collection is versatile, compact and value priced. The rich hazelnut-hued weave and gently arcing lines cast a clean and contemporary look. The flat weave of the weather-proof strands - designed to resist fading, cracking and tearing - highlights the variegated tones of the intricately hand-woven strands.
