Bathrooms

By using Towel warmers to dry towels, you will reduce your laundry loads. Towel Warmers not only warm and dry damp bath towels but add a sense of comfort and luxury to your bathroom experience. A towel warmer provides an alternative source of heat in the bathroom and helps prevent mold.

Laundry Rooms

Electric towel warmers are great for drying damp clothes. The digital heat controller allows you to safely dry more delicate items. As an added bonus you can hang dry pants to un-wrinkle.

Spas and Pools

Pool or spa owners can benefit from a towel warmer. They are wonderful for keeping towels and bathing suits dry. Towel warmers also help reduce the humidity that is present in enclosed pool areas, especially with the large custom sizes that Amba offers.

Garages

Most Amba Towel Warmers can also function as space heaters, keeping garages warm and mildew free. In colder climates this application is a real asset. A towel warmer may also be used in warehouse/workshop applications.

Mud Rooms

Mud rooms are a great location to add a towel warmer as it not only provides a warm welcome, but is also great for kid's damp clothes and for drying/warming ski equipment and jackets.

Hotels

Amba Towel Warmers are an incredible luxury and major asset to any hotel bathroom. Guests can enjoy the comfort of a warm dry towel, while the hotel and environment benefit from reduced laundry loads. Who wants to reuse a towel that is wet or damp?

Basement

An appropriate sized towel warmer installed in a basement can remove dampness and provide radiant heat, keeping your basement dry and warm, replacing central heating. Amba Towel Warmers offers an extensive selection of Custom towel warmers ensuring that the optimal size towel warmer for this purpose can be obtained.

- Made from high-quality environmentally friendly stainless steel (NOT plated)
- Available in various quality finishes
- Multiple sizes available to fit any need
- Award-winning Italian designs
- Install easily
- All units are either UL or ETL approved for safety in Canada and the USA
- Most can be controlled by an optional timer, digital heat controller and/or a simple switch
- Models consume minimal power — some equivalent to just one or two light bulbs.
- Custom sizes and Hydronic models are available by special order
- Accessories available for most models
- Some models are plug in

Terms and Conditions of Sale

Terms and Conditions of Sale for Amba Products LLC (“Seller”)

1. All products supplied are deemed to be free from manufacturing defects and in working order. Ownership is transferred on payment of the full purchase price as agreed and noted in the purchase order furnished by the buyer and confirmed by the seller.
2. Prices are quoted ex Atlanta, GA, USA and do not include shipping and handling costs (US Only). The shipping and handling costs will be agreed at time of order.
3. Net payment is due thirty (30) days from the date of shipment for credit qualifying customers. A charge will be added to the unpaid balance on all invoices not paid by the due date.
4. Seller’s liability is limited to the cost of the product and does not include the cost of any other charges. Seller shall not be liable to or responsible for any consequential damages whatsoever, including but not limited to any damage or loss resulting from delay or default in delivery due to any cause.
5. Buyer expressly acknowledges and agrees that it waives any and all claims for consequential damages and/or any damages under Georgia General Laws. Seller’s only liability hereunder shall be for replacement of defective goods. Replacement will be given only after Seller’s inspection of the goods and its agreement to the claimed defective condition. Seller will replace product but will not accept any responsibility for installation or removal or any transport costs.
6. All claims shall be deemed waived unless made in writing and delivered to Seller within sixty (60) days after receipt by Buyer. A Guideline for Product Returns is available and needs to be followed when returning defective or damaged product.

• Product Warranty

The seller offers a warranty for products that have been installed according to the installation instructions supplied with the product. The duration of the warranty varies depending on the product. Proof of purchase must be supplied with claim. The warranty covers defects in workmanship and materials. This warranty is only valid for product purchased and used in the United States, Canada and Mexico.

• Duration of Warranty:

Amba Towel Warmers

- a. JEEVES Collection – 5 years.*
- b. SOLO Collection – 2 years.
- c. SWIVEL Colection – 3 years.
- d. SIRIO Collection – 3 years.
- e. QUADRO Collection – 3 years.
- f. ELORY Collection – 3 years.
- g. ANTUS Collection – 3 years.
- h. VEGA Collection – 3 years.
- i. TRADITIONAL Collection – 3 years.*

*If the electric element in the Jeeves or Traditional towel warmer is faulty it will be replaced within the first 2 years for any reason. Thereafter, elements can be replaced at a cost which is available on application. Power surges affect all electrical appliances and we cannot be held responsible beyond this period.

Return/Warranty Policy

If you would like to return your item within thirty (30) days of your order ship date please contact the retailer you purchased the product from to receive an RGA (Return Goods Authorization). We will only accept a return if it is returned in the original manufacturer's packaging and has not been manipulated in any way. (The 16 AWG wire must not be damaged or cut; all assembly fittings must be in the original packaging.)

Returns of incorrectly ordered products are subject to a restocking fee. If you have ordered incorrectly, wish to order the correct product and return the incorrect product, your restocking fee will be 15%. Once the product has been received at our warehouse, it will be inspected and you will be credited for the returned product less the applicable restocking fee and original shipping and processing charges.

If you wish to return a product but do not place a reorder, the restocking fee will be 25%. Once the product has been received at our warehouse, it will be inspected and you will be credited for the returned product less the applicable restocking fee and original shipping and processing charges.

Warranty Issues

If within thirty (30) days of your order ship date, any product proves to be defective; please contact your retailer immediately. Please DO NOT ship the product back to us without contacting us first and receiving an RGA (Returned Goods Authorization) Number and return instructions. We will only accept a return if it is returned in the original manufacturer's packaging.

Any time after the thirty-one (31) days of your order ship date, if a product proves to be defective; please contact your retailer immediately. Please DO NOT ship the product back to us without contacting us first and receiving a RGA (Return Goods Authorization) Number and return instructions. It will be the customer's responsibility to get the product to and from Amba Products. This will be at the customer's expense. Please be sure to adequately package your product; Amba Products will not be held responsible for any damages that occurred during shipment. Once the product is received it will be properly inspected and tested.

Should we determine that the product is in fact defective, under warranty terms, it will be repaired and tested at our facility. You will be notified when your product will be ready for pickup or collection. If you choose to return the defective item, rather than replace it, we will charge a 15% restocking fee and your original shipping and processing charges will not be refunded. The return of the product is at your expense. This may only be done within the product warranty period. Items returned after 90 days are subject to a 40% restocking fee or may not be returnable at all (This applies to current versions only). We will let you know our decision once we respond to your request.
