WE FINISH WHAT WE START

Other companies make stone veneer and leave it at that. We manufacture and install our stone so you'll maintain greater control from start to finish. All with a comprehensive warranty. It's what sets Environmental StoneWorks apart from other companies. To find out more about our turnkey solutions, please contact your regional representative.

Finish stone walls for striking landscape features.

FLAT Stone Edge or Chisel Edge

Available in a variety of sizes with 2" height.

PEAK Stone Edge

Available in a variety of sizes with 2" height and 3" peak.

HEARTH STONES

Complete your fireplace with a Stone or Chisel Edge hearth.

Many sizes available.

CHAMFERED EDGE CAP

Finish your project with style.

48" x 7" x 2" (L x W x H)

DRIP LEDGE

Create a functional stone transition.

24" x 3" x 2.5" (L x W x H)

LINTELS

20" x 2" x 5" (L x W x H)

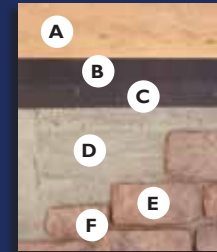

ELECTRICAL OUTLET & LIGHT STONES

Ready made with holes precast.

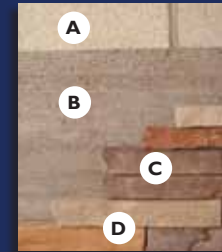

INSTALLATION

While most manufacturers of stone veneers are driven solely by product, our national company has extensive experience with skilled masons who install our product. Working directly with stone masons, seeing projects from concept to completion gives us an unrivaled understanding of what creates excellence in a finished stone product.

- We recommend checking with manufacturer for proper application within your climate.

- A Concrete or Masonry
 - B Mortar Scratch Coat
 - C Applied Stone
 - D Mortar Joint
- We recommend checking with manufacturer for proper application within your climate.

TECHNICAL SPECS

- NATURAL INGREDIENTS** Lightweight aggregate, portland cement, iron oxide pigments.
- THICKNESS** 1" - 3" range depending on style.
- WEIGHT** Average of 8.5 - 11 lbs. per square foot (by utilizing lightweight materials, no lintels or brick ledge is required).
- COLORFAST** Environmental Stoneworks products have a base color throughout the casting process. Applications show no distinguishable change in color after years of weathering, even in the harshest climate conditions.
- COMBUSTIBILITY** Products from Environmental Stoneworks are non-combustible. Variation in shade and/or color is inherent in all manufactured stone products and is one of the natural qualities which help create the look and feel of natural stone. Blending of stones during installation is recommended to achieve best results.

WARRANTY

Environmental Stoneworks warrants that its products shall be free from defects for a period of fifty (50) years from the date of purchase provided they are installed in accordance with the manufacturer's instructions and used on a structure that conforms to local building codes.

This Warranty covers only manufacturing defects in Environmental Stoneworks products. It does not cover damage resulting from building settlement, wall movement, contact with chemicals, efflorescence, stain or paint, discoloration due to airborne contaminants, staining or oxidation. This Warranty is limited to the original purchaser and cannot be transferred or assigned.
