## CANTILEVER SLIDING GATE

INDUSTRIAL SECURITY

The Alpha gate fuses top industrial design with reliable, functional quality.

This mix of aesthetic appeal and function can turn your entrance both stylish and secure. The Alpha gate answers the needs of the enterprise end user and local installers with straight forward sizing and options. Quick delivery time, minimized shipping costs and virtually zero down time allow businesses to operate profitably while meeting current safety and security requirements.

PROTECT GUARD  
DEFEND COMMAND • FORTIFY • SECURE  
ARMOR • STRENGTH

IMPREGNABLE • STRONGHOLD • INVULNERABLE • IMMovable • WITHSTAND • UNBREACHABLE  
WALLACE INTERNATIONAL  
BUILT TO WITHSTAND

The Wallace International logo is prominently displayed in the center. It features the word "WALLACE" in a large, bold, blue font, with "INTERNATIONAL" in a smaller, blue font below it. Below the logo, the phrase "BUILT TO WITHSTAND" is written in a blue, sans-serif font. To the left of the logo, there is a small, stylized image of a gate. The background of the entire section is a light gray with various security-related terms in a large, bold, sans-serif font.

## CANTILEVER SLIDING GATE

### INDUSTRIAL SECURITY

Clean, aesthetically pleasing design

Post and guide rollers

Anti-climb top rail

Post mounted kinetic gate operator

TECHNICAL DATA	UNIT	ALPHA
Voltage	VAC	110 - 240V
Frequency	HZ	50 - 60
Current	A	15
Duty Cycle	%	100
Max. Clear Drive Thru Width	Feet (m)	40' (12)
Max. Gate Panel Height	Feet (m)	8'+1' (2.7)
Gate Infill	Panel Infill	9 gage chain link
Finish	Coating	Galvanized and/or Powder-Coated
Operating Temp Range	°F (°C)	-40 to +120 (-40 to +49)

Not all height and width combinations are available.  
1' High (3 rows) of barbed wire is available on most height and width combinations.

### TECHNICAL SPECIFICATIONS

- Patented aluminum beam construction providing a strong rigid gate without unnecessary weight
- Internal tensioning rods for unequalled structural integrity
- Concealed nylon composite rollers and lockable metal gate operator cover offers a tamper-resistant gate
- Post mounted gate operator ensures continual drive gear alignment
- Anti-climb top rail for added security and increased threat delay
- Rack & Pinion drive offers a cleaner, quieter, more secure operation than traditional chain driven systems
- Variable speed drive maximizes gate and hardware life
- Thru-Beam Photo Cell
- Uninterruptable power supply
- ASTM, UL, C.S.A. Approved
- Anti-Tailgate Logic

### STANDARD FINISH

- Aluminum beam and top rail
- Galvanized pickets and portals (posts)
- Custom powder-coated colors available on request

### OPTIONS

- Traffic Lights (bidirectional)
- Strobe Light
- Vehicle Detectors
- Extreme Cold-Weather Kit
- Solar Kit
- 1 or 2 foot per second travel
