

Dwyer is THE source for high quality steel fabrication for custom kitchens.

Specializing in custom steel and aluminum cabinets and handcrafted stainless and porcelain countertops, Dwyer has been a leader in steel fabrication for over 80 years. Our new line of cabinets and countertops sets the standard for quality and affordability for the most demanding applications. Our innovative use of steel and aluminum sets us apart - we offer a stunning array of styles and finishes that can satisfy virtually any design.

HYPALLERGENIC MATERIALS FOR HEALTHY HOMES

Dwyer manufactures both cabinetry and complete kitchens constructed of materials that are completely hypoallergenic - including porcelain, steel, aluminum and Thermofoil.

TIMELESS AND ELEGANT, DWYER STAINLESS STEEL IS THE PROFESSIONAL'S CHOICE

Using only top quality materials and hardware, Dwyer offers a full line of affordable, stainless steel custom kitchen cabinets and countertops. In addition, Dwyer manufactures a variety of complete steel kitchens and custom kitchen components.

Cabinets

**Finally, there's an affordable and unique alternative to traditional cabinetry:
Steel and aluminum cabinets made to order and available in hundreds of finishes.**

Dwyer offers a full line of affordable, high quality kitchens and kitchen components that are custom manufactured to your exact specifications by experienced craftsmen. Our durable steel or aluminum cabinets can be paired with a wide variety of cabinet door styles and finishes including wood, Thermofoil or custom steel colors. The benefits? Steel cabinets that last a lifetime paired with components that can be updated as they wear... or as your tastes change.

As the leader in steel cabinet fabrication, only Dwyer brings you so many ways to combine durability with warm, classic style.

WHAT COMBINATION OF MATERIALS CAN YOU IMAGINE?

The kitchen pictured at the right features maple Shaker style Thermofoil doors paired with durable steel cabinet boxes.

The kitchen pictured below features mahogany Thermofoil doors on stainless steel cabinet boxes paired with stainless steel countertops and appliances.

CUSTOM STEEL AND ALUMINUM – NOW YOU CAN GET BOTH – BEAUTY AND DURABILITY

Nothing lasts longer than high quality metal – whether its stainless steel, powder-coated carbon steel or aluminum. And now, you can design your kitchen to celebrate the sleek look of steel and aluminum, or benefit from the durability of metal cabinets AND satisfy your need for classic style with Thermofoil cabinet doors like those pictured on the right.

Wet Bars and Compact Kitchens

Looking for a full range of wet bar or kitchen amenities in a limited space? Dwyer offers the best solutions by combining durability, style and efficiency.

WET BARS

Looking for lots of room to store cold drinks and snacks? How about space to prepare foods easily? Dwyer wet bars are the ideal choice. They're the perfect fit for a boardroom, an executive office or hotel suite, a sunroom or deck. We even offer stainless steel units that are great for outdoor entertaining.

COMPACT KITCHENS

What does Dwyer fit into their full line of compact kitchens? Everything. We're your single-source compact kitchen supplier, providing the best products at the best price backed by the industry's best warranty. Select one of our hundreds of standard models or send us your requirements and we'll customize a unit just for you. Our kitchens are available with or without full meal preparation capability. Standard sizes range from 30" to 120".

Modular and easy to install, Dwyer kitchens are the ideal choice for renovations and new construction. And because Dwyer is a single-source supplier, you can choose a style that can be replicated over time.

ADA-COMPLIANT KITCHENS

Dwyer is your premiere resource for ADA-compliant kitchens that are both stylish and durable.

Appliances and Options

Dwyer can provide everything needed to meet your project requirements.

Our handcrafted countertops are available with integral sink bowls and embossed drain boards. Offering the ultimate in durability and worry-free maintenance, porcelain tops are available in several standard colors and can also be matched to your specification.

CABINET FINISHES, STYLES AND COLORS TO SUIT ANY DÉCOR

TEXTURED AND STAINLESS STEEL

Dwyer's steel cabinetry provides a finish that will continue to perform under the most stressful conditions. Available in stainless steel and several standard colors, as well as any custom color, our steel cabinets are stylish, durable and can meet NSF requirements. All of our steel cabinets are hypoallergenic and are available with a wide selection of handle styles.

ALUMINUM A design breakthrough from Dwyer engineers, these super-strong cabinet boxes made of heavy gauge welded aluminum. Impervious to moisture and corrosion, they're perfect for applications subject to heavy abuse.

THE MANY STRENGTHS OF STEEL

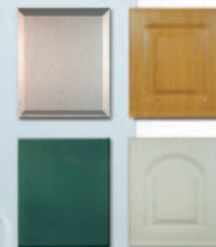

Our durable steel cabinets can be paired with a variety of cabinet door styles and finishes. The benefit? Steel cabinets that last a lifetime paired with components that can be updated as they wear... or as your tastes change.

BUILT TO LAST – HEAVY GAUGE STEEL CABINET CONSTRUCTION OUTLASTS WOODS AND LAMINATES

TOUGH AS NAILS – UNIQUE POWDER EPOXY FINISH IS THE MOST SCRATCH-RESISTANT ON THE MARKET – AND IT'S COMPLETELY HYPOALLERGENIC

EASY TO MAINTAIN – AVAILABLE WITH REMOVABLE HINGES AND SHELVES FOR EASY AND THOROUGH CLEANING

MATCHES ANY DÉCOR – PAIR YOUR STEEL CABINETS WITH FRAMELESS DOORS MADE OF ANY MATERIAL OR FINISH

MAXIMIZES YOUR INVESTMENT – KEEP YOUR CABINETS INTACT WHILE UPDATING YOUR DOORS AS THEY SHOW SIGNS OF WEAR OR AS STYLES CHANGE
