**Delta Force Whiplash, DefCon Alpha, Defcon Bravo, Defcon Niko, Defcon Victor, Defcon Zulu, Defcon Detainer**

- Tape Material: 430 Stainless Steel / 1” wide prior to forming (DD 1.375”)
- Core Material: Galvanized or Stainless Steel / .098” Diameter
- Barb Length / Spacing: 2.4 (± .10”) tip/tip / 4” on center

**Non-Reinforced Nemesis, General Purpose BTO-Type II**

- Tape Material: 301 Stainless Steel / 1.21” wide prior to forming
- Barb Length / Spacing: 2.4 (± .10”) tip/tip / 4” on center / Alternately offset .15” . .45”

**Warning:** The manufacturer recommends that all DELTA FORCE® barbed tape obstacles that are mounted on walls and fences have a minimum installation height of 2.13 meters (7 feet) from ground level. The material shall be installed in such a manner as to avoid any and all contact by non-intruding pedestrian traffic. It shall also present an open, obvious and highly visible condition of danger. DELTA FORCE® barbed tape obstacles should only be used as ground barriers in proper locations, such as correctional facilities, military bases, or other highly sensitive areas. DELTA FORCE® barbed tape obstacles are not meant to be used as ground barriers in commercial, light industrial, or other private applications. DELTA FORCE® barbed tape obstacles are not manufactured for use in any residential applications.

**NOTE:** Upon request, selected Delta Force® products can be ordered with a larger or smaller quantity of loops per coil or with additional attachments per loop.

Effective: 01/01/13

**WARNING:** All Whiplash® and DefCon® Barbed Tape Obstacle Systems can be used for correctional facilities, military operations, and anti-terrorism deployments. They are not meant to be used as ground barriers in commercial, light industrial, or other private applications. In such cases, a minimum installation height of 7 feet (2.13 meters) from ground level is recommended, and the entanglement system must be deployed in a manner that avoids any and all contact by non-intruding pedestrian traffic. It must also present an open, obvious and highly visible condition of danger. Delta Force® barbed tape obstacles are not manufactured for use in any residential applications.
**WARNING:** All CounterPoint®, Nemesis® and ReCoil® Barbed Tape Obstacle Systems can be used for correctional facilities, military operations, and anti-terrorism deployments. They are not meant to be used as ground barriers in commercial, light industrial, or other private applications. In such cases, a minimum installation height of 7 feet (2.13 meters) from ground level is recommended, and the entanglement system must be deployed in a manner that avoids any and all contact by non-intruding pedestrian traffic. It must also present an open, obvious and highly visible condition of danger. Delta Force® barbed tape obstacles are not manufactured for use in any residential applications.
