Chameleon™ Simulated Wood and Metal Wall Panels

*The beauty of natural materials
with the durability of Acrovyn®.*

Acrovyn Chameleon simulated wood and metal patterns are **so realistic there's no need to sacrifice durability for aesthetics.** Chameleon patterned material withstands the abuse that real wood or metal can't handle and it is perfect for almost any interior environment. Beveled edge panels are available in **custom sizes up to 43" x 114"**, square edges available **up to 46" x 118"**. Acrovyn Chameleon panels are U.L. and ULC Classified, Class 1 fire-rated and are offered in 10 simulated woodgrains and 2 metal patterns. Several mounting options are available.

New Acrovyn Chameleon Simulated Wood and Metal (available in textures, see pages 22-23)
