## Loft Ladder Estimate Form

**How to order or get an estimate on your ladder**  
Complete all the information on this form and email or fax back all 3 pages.

We will contact you with an estimate or to arrange delivery of your Loft Ladder and Track.

### 1. Make Ladder Choices

Check all boxes that apply.

#### Specify Ladder

##### Rolling Ladder (S-100)

Ladder includes upper roller assembly or hook assembly, track and lower wheel assembly. Also pivots against wall when not in use.

##### Pivotal Ladder (S-200)

No lower wheels. Ladder pivots from wall with pivotal bracket assembly.

##### Fixed Ladder (S-300)

Fixed ladder that neither pivots nor rolls.

## Loft Ladder Estimate Form

### 3. Provide Dimensions

Fill in all dimensions that apply.

#### Loft Ladder Dimensions

Number of brackets supplied will be based on 30" spacing.

Check here if mounting surfaces require more brackets.

If you would like ALACO to assist you in figuring your dimensions, please check this box and fax us a separate sketch of your room or floor plans.

#### Track Dimensions
