Plank

Secondary Space Solutions

Marlite Plank™ and Wood Molding is the industry's only interlocking wainscot system that includes everything required for a fast, reliable and beautiful installation.

Marlite Plank™ is a 16" wide tongue and groove wall surfacing product available in over forty finish options – including woodgrains, textures and abstract prints.

Panels are glued to a subwall and fit easily together into any of our Wood Molding profiles, stained or painted to harmonize or accent the wall.

Whether in wainscot application or full wall height, Marlite Plank and Wood Molding affords designers numerous choices and builders hassle-free installation.

Marlite Plank and Wood Molding

A total wall system that includes everything required for convenient installations. Marlite Plank is a 16" wide tongue and groove wall surfacing product available in over forty durable finishes.

The Marlite Plank and Wood Molding system is pre-finished, providing color variation control and eliminating the need for job-site finishing.

Plank & Molding Systems

The Marlite Plank and Molding system includes panels, wood molding and trim and adhesive – all pre-finished and packaged together, eliminating the need for multiple sourcing and job-site finishing.

Features

- 16" wide panels are easy to handle, easy to fabricate and produce minimal waste.
- High Density Fiberboard (HDF) core provides outstanding durability and moisture resistance.
- Pre-finished panel ensures color variation control and eliminates the need for jobsite sanding, staining or painting.
- Tongue and groove joinery creates an inconspicuous joint when used in conjunction with scorelines and requires no visual fasteners.
- Wood Molding includes chamfered rabbet profiles making them easy to apply and mistake-proof.
- Panel Dimension 16" x 8' x 1/4" nominal

Marlite Plank decorative wall panel systems.

Easy to install, eliminates job-site finishing for cost-effective, commercial interior design.

Marlite's Hassle Free application.

Apply adhesive to panel back and adhere to subwall. Clips secure panels, ensuring inconspicuous joints.

201-S4 Somerset Oak

202-S4 Lancaster Oak

323-S2 Plantation Oak

324-S2 Laredo Oak

329-S2 Novato Oak

317-S4 Alum Rock Maple

360-S4 Cocoa Maple

310-S4 Sierra Maple

The Exclusive Marlite Finish is a richly detailed and easy-to-maintain surface that is more economical than decorative laminates. The base coat, precision coat, print coats and melamine top coat are all applied to the most select substrate. Each panel is then baked, creating a tough, durable finish that is easy to maintain. A diverse selection of incredibly realistic and richly detailed woodgrains, textures and abstract prints provides consistency in color and pattern.
