

Lenox[®] Lockers

Bench Lockers
Cubby Lockers
Lenox[®] Lockers
Pedestal Benches
Z-Lockers

“The low maintenance, durability and no-rust factor make Lenox the #1 choice in lockers, especially in wet room areas. We highly recommend these lockers for any institution.”

- Director of Residential Life-Facilities
Illinois State University

“Because of the unique layout and conditions of our facility, we needed a product that was very strong and durable. The lockers have complemented our atmosphere and withstood the high usage we encounter year-round.”

-Water Park Manager,
Outdoor World

“Our maintenance department is very pleased that the lockers cannot be kicked shut, which usually results in many broken locker latches. They also appreciate the ease with which the locker surfaces can be cleaned.”

-School Superintendent
Westchester Public Schools

“Lenox Lockers have enhanced our school appearance and have provided a solution for our students’ storage needs. In addition, they look as new as the day they were installed—evidence of their durability in a high school setting!”

-Director of Instruction
Scranton State School for the Deaf

Lenox® Lockers

Practical.
Preferred.
Plastic.

Metal doesn't stand a chance.

Quick installation and low maintenance costs can add up to a 50% life cycle cost savings with Lenox® Lockers. Plus this fully-assembled product is backed by a 20-year warranty and made from 30% post-industrial recycled content. Lenox Lockers are the preferred specification in locker rooms all over the country. In terms of durability, versatility and product life, metal lockers fall far short of this solid plastic solution.

ECONOMIC ADVANTAGE: LENOX LOCKERS VS. METAL LOCKERS

Plastic lockers may require an additional investment up front, but savings on repairs and maintenance will make up the difference over the locker's 20-year life cycle.

	METAL LOCKER	PLASTIC LOCKER
Painting (4 times)	\$100 per locker	\$0
Door Replacement (2 times)	\$110 per locker	\$0
Cost (100 Lockers)	\$21,000	\$0

Maintaining 100 metal lockers for 20 years with four paint jobs and two door replacements per locker would cost \$21,000!

FORGET ABOUT MAINTENANCE

With Lenox, you'll never paint a locker again. You get maintenance-free lockers that still look new after years of use. Even spray paint and magic markers are easily removed with standard cleaning products.

THE UNRIVALED 20-YEAR PROMISE

No other locker supplier can beat the Lenox guarantee. All plastic locker parts and components carry a 20-year warranty against rust, corrosion, denting and delaminating under normal use.

RESILIENT FOR THE LONG HAUL

Unlike metal, Lenox Lockers are constructed from corrosion-proof high-density polyethylene material that won't rust or dent. Plastic lockers are also more resistant to scratches and are easier to repair than metal

lockers. Lenox Lockers are now available in 100% post-consumer recycled material. Four colors are offered in the new material, which is made completely from recycled milk jugs and provides the same performance requirements as the current plastic—and the same 20-year warranty.

(see chart below for available colors)

PEDESTAL BENCH

Locker room benches complete the long line of solid plastic products for your restroom and locker room applications. Benches are 1 1/2" high-density polyethylene (HDPE) and are available in 16 of our standard colors. Black anodized aluminum pedestal, 18 1/2" ADA compliant height.

Z-LOCKERS

The new Z-Locker design provides practical multi-level storage for overcoats, suits, dresses and other hanging articles without wasting valuable floor space. Perfect for health clubs, YMCAs, spas, aquatic centers and fitness centers.

CUBBY BENCH LOCKER

Convenient seating and easy-access storage in one! The cubby bench locker is a space-saving solution. Available in 14 colors, the cubby bench locker is shipped fully assembled.

NEW!

CUBBY LOCKERS

The easy-access cubby locker is perfect for items that do not require locked storage. The durable cubby is shipped fully assembled and can reduce installation costs by up to 50%. (Three cubby lockers pictured.)

BENCH LOCKERS

Lenox bench lockers provide convenient seating in the locker room with added secure storage underneath. The doors are attached to the frames with a full-length heavy-duty stainless steel hinge powder-coated to match the locker color.

Available Colors*

Cobblestone Colors

Sandstone Colors

Co-Extruded Colors

❖ Due to printing variances, the actual material color may differ. Contact your local Bradley Representative for samples.

*Also available in 100% post-consumer recycled content. Post-consumer and co-extruded colors available at an additional charge.

**Also available in 100% post-industrial recycled content.

ONE-PIECE CONSTRUCTION REDUCES INSTALLATION COST

Formed by a polymer resin, Lenox components are one solid piece—no edges to come apart, no core to delaminate and no exposed fasteners. With a box panel thickness of 3/8" and door and frame thickness of 1/2", Lenox Lockers withstand impacts that would easily damage metal lockers. The durable, wrap-around box design is shipped fully assembled, so there's no added time or expense required to piece together countless components.

EXCLUSIVE FEATURES

- Continuous slide latch runs the entire length of the door
- Heavy-duty stainless steel piano hinge is more durable than aluminum or plastic
- Ergonomically-designed handle with concealed metal hasp
- Top and bottom are welded to frame plus door and frame assembly is welded to box
