

# Stainless Steel Doors

## 18 Gauge Lock Seam Door Design

Specialty Doors

ASSA ABLOY

A beautiful and lightweight lock-seam designed stainless steel door from Security Metal Products lends a high end finish to environments that call for an aesthetically appealing interior, as well as applications that require protection from corrosive environments. The light weight door construction of the SMP product equates to lower shipping/installation costs plus increases the sustainability of the door opening and can also decrease ownership building costs. Not only is the 18 gauge SMP stainless steel door a great value, it is also offered at a great factory leadtime as well.

### Applications

Business offices • Laboratories • Hospitals • Hotel lobbies • Museums • Casinos • Financial centers  
• Marine areas • Waste water treatment plants • Food processing plants • Public Transit Stations
