SUPER LUMIDECK HANGER ROD

mapes.com/superlumideck_hanger

The Super Lumideck hanger rod canopy is an all extruded aluminum canopy designed for high load architectural applications. Optional deck styles provide a complete solution for any design requirement. Deck profiles can be combined with differing fascias to complement any design emphasis or building requirement. The all extruded design provides a solution for both high snow drift loads and hurricane force winds.

HANGER ROD CONFIGURATIONS

Custom hanger rod options available.
