

PAC SS INTAKE VENT

INTAKE SYSTEMS

PRODUCT FEATURES

- Improves intake venting on roofs without an eave
- Provides outstanding ventilation to ensure long-term roof performance
- Engineered specifically for commercial applications
- Ideal for standing seam metal and shingle roofs
- Prevents heat build-up and moisture accumulation
- Superior, efficient design for ease of installation
- Engineered and fabricated to specific project requirements.
- Slotted fastening holes allow thermal movement
- NFA of 12 – 42 square inches per lineal foot
- Concealed splice plates for cleaner installation
- Sturdy, metal construction withstands heavy snow loads
- Lowers heating and cooling costs
- Moderates roof temperatures to prevent ice dams
- Reduces mold and mildew
- Wide variety of colors and finishes
- Convenient 12' lengths
- Factory fabricated miters eliminates need for field fabrication

MATERIALS

- 37 Stocked PAC-CLAD Finishes - 24 GA Steel
- 13 Stocked PAC-CLAD Finishes - 22 GA Steel
- 18 Stocked PAC-CLAD Finishes - .040 Aluminum
- 29 Stocked PAC-CLAD Finishes - .050 Aluminum
- 6 Stocked PAC-CLAD Finishes - .063 Aluminum

ACCESSORIES

- End Caps, Right or Left, Style A or B

WARRANTY

A Wind and Ventilation warranty is available. It guarantees that the systems:

- When designed according to the calculated NFA will provide proper ventilation for the project.
- Will withstand winds of up to 120 mph
- Will be free of defects in the supplied materials

The warranty covers repairs or replacement of the system for 20 years or the lifetime of the roof on which it was originally installed, whichever comes first.
