

PAC-TITE WT EXTENDED CANTED FASCIA

GALVANIZED WATERDAM VERSION

PRODUCT FEATURES

- Unique design keeps flange out of the waterline
- Extruded aluminum anchor bar securely terminates the membrane
- Unmatched uplift protection in roof edge applications
- Larger face sizes up to 13 1/2" eliminates need for fascia extender
- Snap-On cover eliminates crimping
- Pre-punched holes for precise fastener placement
- Includes anchor bar EPDM splice plates and required fasteners
- Concealed splice plates allow for cleaner design
- Non-penetrating design eliminates need for stripping in/heat welding
- Superior watertight integrity of the installation
- Extensively tested to exceed industry standards
- Slotted holes allow for thermal movement
- Lifetime, 170 mph wind warranty available
- Wide variety of colors and finishes
- Convenient 12' Lengths
- Custom and radius capabilities available
- Reusable and recyclable for reinstallation
