**Schools:** The Building Blocks of Our Future  
Distinctive, Functional and Lasting

# Consider the

*adjectives used to describe brick structure ...*

words like **solid, durable** and **classic**.  
Next consider the natural beauty of brick.

Manufactured from clay and shale, brick displays tones and textures giving brick structures their unique appeal. Little wonder that brick has been the choice for architects and builders seeking to create schools that embody both style and strength.

Leading-edge architects and builders typically turn to The Belden Brick Company's Special Shapes Division. Here they find a dedicated group of artisans and craftsmen able to provide ever-more creative forms of brick to those interested in designing with a difference.

The rich colors and textures of brick impart a warm, human feeling to the highly dimensional images carved in the brick. The sculpture adds a distinct touch of lasting beauty and style, and provides immediate visual recognition for the facility.
