

Cleanup

Rigid Vinyl Sheet and Profiles / Vinyl Wallcovering / Vinyl Cove Base / Northern Hardwoods

[1] Completion: Immediately upon completion of installation, installer shall make sure that all vinyl sheet and profiles, vinyl cove base and stainless steel products are cleaned and free of any layout marks, excess adhesive or surface blemishes. Remove excess adhesive with methods and materials recommended by the adhesive manufacturer.

[2] Clean-Up and Routine Maintenance:

[a] Rigid Vinyl Sheet and Profiles (**Pebblette texture only**):

For general cleaning, use Antibacterial fantastik® All Purpose Cleaner Heavy Duty. Use a clean, lint-free cloth and wipe clean.

For tough stains, like markers, pencil, white marks, and rubber heel marks, the following products were shown to be most effective:

- Zep® Heavy Duty Citrus Degreaser
- Clorox® Clean-up with Bleach
- Antibacterial fantastik® All Purpose Cleaner Heavy Duty
 1. Spray products onto sheet and wipe with a dampened cloth or a Mr. Clean® Magic Eraser® (*Do not use Mr. Clean® Magic Eraser® on Woodland and Elements patterns*)
 2. Repeat process if stain remains. If cleaning product residue remains, rinse with water.

[b] Rigid Vinyl Sheet, Profiles (**Velvet and Smooth texture**):

For general cleaning, use Antibacterial fantastik® All Purpose Cleaner Heavy Duty. Use a clean, lint-free cloth and wipe clean.

For tough stains, like markers, pencil, white marks, and rubber heel marks, the following was shown to be most effective:

- Zep® Heavy Duty Citrus Degreaser
- Clorox® Clean-up with Bleach
- Antibacterial fantastik® All Purpose Cleaner Heavy Duty
 1. Spray products onto sheet and wipe with a dampened cloth or a Mr. Clean® Magic Eraser® (*Do not use Mr. Clean® Magic Eraser® on Woodland and Elements patterns*)
 2. Repeat process if stain remains. If cleaning product residue remains, rinse with water.

Note: G2 Blend® material showed similar results.

[c] Vinyl Cove Base:

Use a general purpose cleaner, such as Antibacterial fantastik® All Purpose Cleaner Heavy Duty, and follow all instructions and precautions that come with the cleaner. Spray cleaner on soiled surface and rub with a clean lintfree cloth. Wipe surface with a water dampened cloth. Dry with a clean cloth. A non-marking, non-abrasive scrubbing sponge may aid in the removal of tough marks. Test the use of such a sponge in an inconspicuous area, to insure that the sponge will not affect the surface appearance of the vinyl. Powdered or abrasive cleaners are not recommended.

[d] Stainless Steel:

Clean with neutral based detergents (non-abrasive cleaners). Ammonia and alcohol based cleaners such as Windex® may also be used. Always use an abrasive free cloth.

e) Northern Hardwoods:

Clean wood with Simple Green®, and follow all instructions and precautions that come with the cleaner. Apply cleaner, diluted with water on soiled surfaces and rub with a clean lint-free cloth. Do not use any cleaners on unfinished wood. For stains on unfinished wood use a fine sandpaper. For scratches on Northern Hardwoods, treat these areas with a wood scratch remover.

NOTE: Any reference to a specific branded product does not constitute an endorsement by InPro® Corporation. No long term testing has been performed.
