Cosmopolitan

# ColorWorks™

**Make color work to your advantage with our integrated palette of commercial tile products from Azrock by Tarkett.**

A beautiful choice of colors, textures and compatible products in four dynamic color ranges — natural, cosmopolitan, contemporary and urban. Combine different product lines for the perfect blend of aesthetics and performance. And lead the way with extraordinary designs that are beautiful AND functional.

## Natural.

The elevation of well being to an art form.

## Cosmopolitan.

Rich expressions built on beautifully celebrated tones.

## Contemporary.

The unexpected harmonies that add excitement to every day life.

## Urban.

Elegantly combining the raw and the sophisticated.

# Environmental Responsibility

### Mission Statement

Through responsible and transparent decisions and actions of continuous improvement, Tarkett is committed to the betterment of the environment.

### Think Long-term

We believe it is imperative to make prudent use of available natural resources in order to reduce our impact on the environment.

- Tarkett reduces fuel by using raw materials in close proximity to the plant
- Tarkett uses materials that contain recycled content
- Tarkett flooring contains up to 35% recycled content, depending on the product
- Tarkett uses less water and harsh chemicals by creating floors that only require dry buffing

### Think Air Quality

We believe it is very important to maintain high standards for indoor air quality. Research has shown indoor air quality directly affects human health and performance.

The Floor Score program, developed by the Resilient Floor Covering Institute (RFCI) in conjunction with Scientific Certification Systems (SCS), tests and certifies flooring products for compliance with indoor air quality emission requirements adopted in California.

Tarkett products have Floor Score certification through Scientific Certification Systems and meet the VOC emissions criteria of the California Section 01350 program.

### Think ReUse

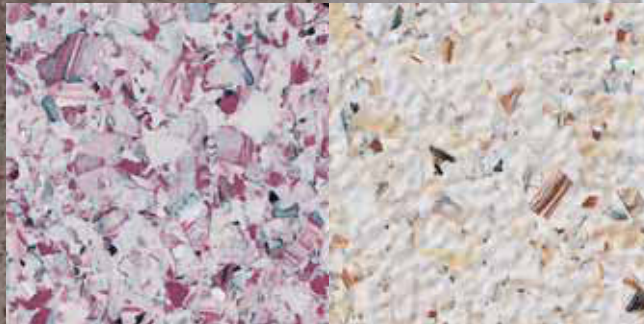

Tarkett offers a reclamation program for its products and samples. Installation waste usually ends up in landfills, but not with Tarkett's reclamation program.

### Think Dedication

Tarkett is dedicated to the community and the environment through group memberships.

- United States Green Building Council (USGBC)
- American Society for Testing and Measurement (ASTM)
- American Institute of Architects (AIA)
- National Association of Floor Covering Distributors (NAFCD)
- Resilient Floor Covering Institute (RFCI)

# Commercial Homogeneous Tile

If you're an architect, interior designer or corporate specifier, experience our products first-hand. Just call 1-800-558-2240. Or visit our web site, [www.Tarkett-Commercial.com](http://www.Tarkett-Commercial.com) for more solutions.

## Milano™

Available in 12 colors

- 16" x 16" tiles
- Ideal for heavy-use areas
- Coordinating and complementing colors provide design versatility
- Lower cost alternative to luxury vinyl tile products
- Gauge and maintenance compatible with VCT or VET
- Easy, low-cost maintenance – no wax, no polish

## Milano™ SR

Slip Resistant

Available in 5 colors

- Same features & benefits as smooth Milano
- Embossed surface of Milano SR channels moisture into valleys, and colors coordinate with smooth Milano

09 65 00/TAR  
BuyLine 1723

### SolidAir™

Available in 20 colors

- 16" x 16" tiles
- Easy, low-cost maintenance
- High wear resistance
- Tone on tone color
- Colors coordinate with Cortina Grande and Milano

### Karim Kolors

Available in 10 colors

- 16" x 16" tiles
- Available in four unique special shape cuts
- Designed by world renowned designer Karim Rashid

### Cortina Grande®

Available in 26 colors

- Unique 16" x 16" size
- More vinyl content than VCT for superior durability and easy maintenance
- Gauge and maintenance compatible with VET or VCT

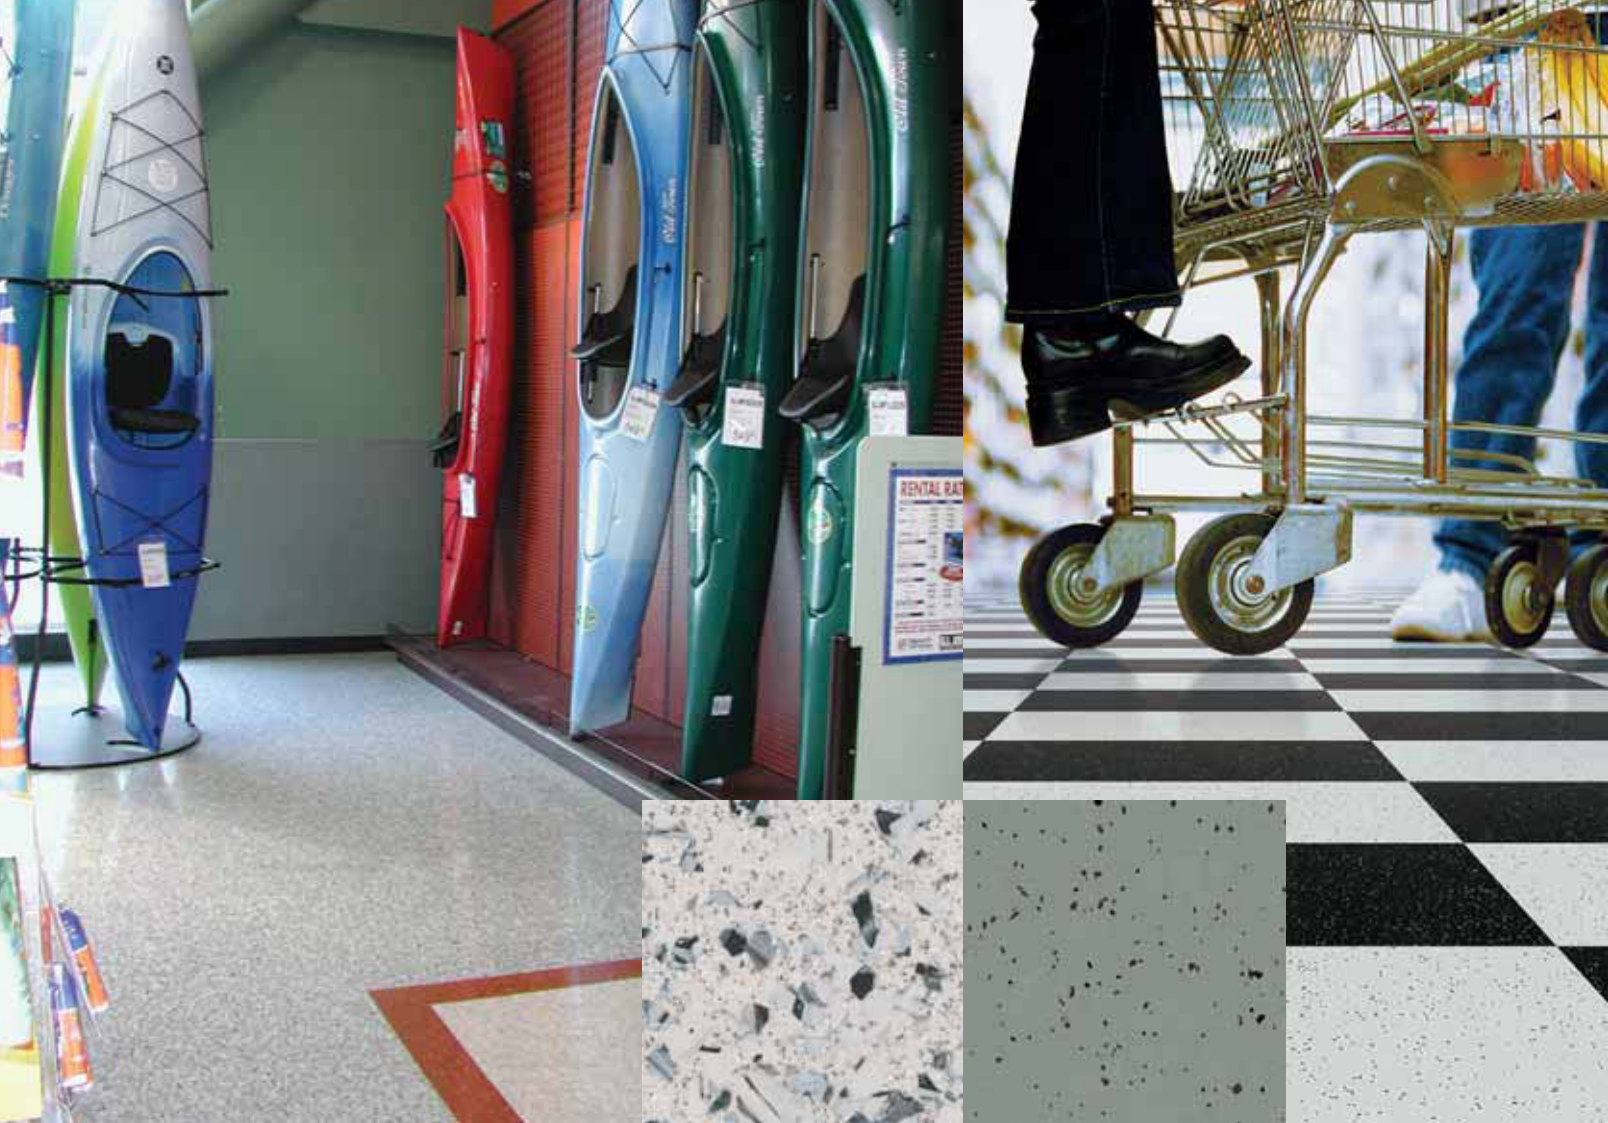

### Cortina Grande® SR

Slip Resistant

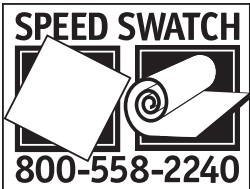

Available in 7 colors

- Same features & benefits as smooth Cortina Grande
- Embossed surface of Cortina Grande SR channels moisture into valleys, and colors coordinate with smooth Cortina Grande

# Premium Vinyl Enhanced Tile

## CortinaStone™

Available in 12 colors

- Combines contrasting granite with soft, flowing marble
- 12" x 12" tiles
- Non-directional design allows straight or turned installation
- Virtually seamless installed look
- Multi-dimensional deep stone look
- Ideal for heavy use areas

**All colors of CortinaStone may be special ordered in a Slip Resistant version with a 300 carton minimum.**

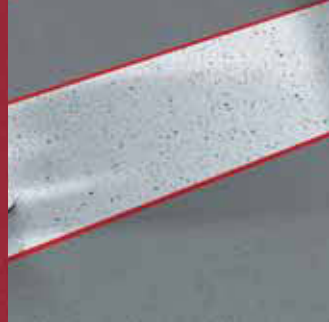

## Thru-Quartz™

Available in 20 colors

- Non-directional defined chip patterns suggest the monolithic look of a poured floor
- 12" x 12" tiles
- Durable and functional through pattern design
- The look of solid color without additional maintenance

## Premium Vinyl Composition Tile

### Granite™

Available in 10 colors

- Natural look of real granite
- Pure, translucent color and distinctive stone
- Durable and functional through pattern design
- 12" x 12" tiles
- Virtually seamless installed look

### Granite™ SR

Slip Resistant

Available in 13 colors

- Same features & benefits as smooth Granite
- Granite SR provides ultimate slip resistance

## Solids & Feature Strips

Available in 14 colors

- Enhance design flexibility
- 12" x 12" tiles and 6 sizes of Feature Strips
- Coordinate perfectly for insets and borders with other Azrock products
- Perfect for custom logo work

1/4" width

## Sport Court Kits

Each kit contains sufficient material for a standard court including installation information and tile pieces. (Field product to be ordered separately—call for information.)

### Basketball Kit

### Shuffleboard Kit

## Maintenance System

**C302 FLOOR CLEANER** Nearly neutral pH cleaner, especially useful with automatic floor scrubbers because of its very low foaming characteristic. It removes dirt, not polish.

**C402 FLOOR STRIPPER** Ammonia-free, and may be used on all commercial vinyl floors (except linoleum).

**C502 FLOOR POLISH** Useful as a dry bright polish, a spray buff polish or a high-speed burnishing product.

**C202 MATTE SATIN POLISH** High durability, low gloss acrylic polish for restoring luster to linoleum and other commercial flooring.

## SpraySmart Adhesives

Tarkett SpraySmart adhesives present the first truly new flooring adhesive technology in decades. Environmentally friendly, fast application, immediate bond and water based, SpraySmart contains no VOC's and are non-toxic. Reduce installation time by 70% and allow immediate occupancy and maintenance. Use of complete Tarkett branded installation systems, flooring material, floor preparation products and adhesives ensures Tarkett full warranty coverage on our commercial flooring products.

### SpraySmart for VET, SVT, LVT

**120-8 Gold**  
7 lbs. Moisture / 11 pH
