

Wall and Door Protection 10.26.00

Vinyl Surface Mount Corner Guard Models: BCGVS2S, BCGVS3S

- Apply and secure a bottom cap beginning directly above cove base with appropriate fasteners.
- 2. Apply continuous retainer to wall directly above bottom cap with appropriate fasteners at 18"(457.2mm) O.C
- 3. Install top cap directly above aluminum retainer

- 4. Snap precut cover in position. Cover should be lipped over one edge and pressure applied toward opposite leg from center with a "snap action" movement. Procedure should begin at bottom and be repeated as necessary for full height of cover.
- Contact your Babcock-Davis representative for information on replacement parts
