◆ CRYSTAL COLLECTION ◆

Whether you select clear or patterned glass, your 3/8" or 1/2" glass will be beautifully enhanced with our hardware. Using architectural brass or anodized aluminum to compliment your bath accessories, finish options are unlimited. Select chrome, polished brass, brushed or polished nickel, pewter, antique brass, 24K gold, oil rubbed bronze or any custom finish of your choice.

Glass-to-glass hinges and clear 1/2" glass

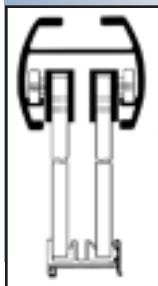

Etched glass and Pewter wall mount hinges become your custom job.

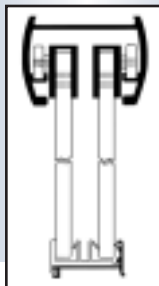

A transom may be added in or above the door for a tight steam application.

3/8" or 1/2" glass compliment the frameless Crystal Collection enclosures. Available in anodized aluminum or solid brass - finished to your specification.

PRODUCT SPECIFICATION

GLASS: 3/16" to 3/4" tempered. All glazing material shall meet or exceed ANSI Z97.1 – 2004 and CPSC Standard 16 CFR 1201 Category I and II.

EXTRUSIONS: Extruded shapes shall be either 385 architectural bronze specification AS-1567-38D; or aluminum 6463-T5 or 6063-T5 alloy; or formed 304 stainless steel depending upon application.

HARDWARE: Heavy duty solid brass hinges and solid brass or polished stainless steel handles. Piano hinges per metal specification. All ASD screws are rustproof stainless steel.

FINISH: Brite dip anodized aluminum 6463-T5 or satin 6063-T5; 385 architectural brass polished, buffed, degreased and plated per specification: brushed or polished stainless steel. (See Specification Guide on page 4 for finish options.)

A semi-frameless door works well with any panel system. ▼

Classic piano hinge doors are always beautiful. ▼

See complete AMERICAN SHOWER DOOR catalog in Sweets Architects, Engineers and Contractors edition.
