

Wiremold

Vista™ Architectural Column

Aesthetically Pleasing Vertical Solution

Wiremold® Vista Architectural Columns get the wiring capabilities you need, where you need them, without compromising the aesthetics of your interior decor. Vista Architectural Columns integrate into and enhance any interior. Choose from a variety of profiles, panel options, color, and texture combinations to create the wiring delivery solution to complement your environment. Our online design tool makes exploring the range of design options easy and intuitive.

Vista Architectural Columns offer the large capacity necessary to feed numerous workstations or supply a large area's power, communication, or audio/video requirements. The patented column design provides multiple feed options for wire and cable – including through the center channel, through either end channel, or through combinations of both!

For Wire and Cable Management that's not only stylish, but also flexible and functional, your best solution is Vista Architectural Columns.

A Vista Architectural Column supplying a workstation.

FEATURES & BENEFITS

- **Flexibility.** Choose from a range of center panels, extensions, and frames to accommodate your aesthetic and capacity requirements.
- **A/V compatibility.** Accepts Extron® Electronics, Crestron® and Ortronics® audio/video devices.
- **Frame shapes.** Select either square or rounded end channels to enhance any interior.
- **Wide range of finishes.** Center panels are available in stylish finishes and color options in metal, wood laminates, glass, or fabrics designed to enhance any decor.
- **Lighting.** Add virtually any commercially available lighting fixture using this bracket.
- **Furniture feed options.** Modular furniture feeds are available at the beltline and ground level.
- **Paneled extension.** Extension kit accommodates many ceiling heights and now comes with a center panel.
- **Device compatibility.** Compatible with a wide range of standard power and communications devices.
- **In stock availability.** Standard, anodized aluminum frame in both sizes, with round end channels.
- **On-line design tool.** Visit www.wiremold.com/vista to design your own Vista Architectural Column.
- **cULus Listed Multioutlet Assemblies.** File E15191, Guide PVGT. Meets Article 380 of NEC.

Vista Architectural Columns enhance any decor and provide maximum flexibility for any workplace environment.

DATACOM CONNECTIVITY OPTIONS

Now you have a wide range of options for providing datacom connectivity into Wiremold/Legrand Pathways. They are:

- **Ortronics® TracJack® and Series II Modular Connectivity Solutions**
- **Pass & Seymour Activate™ Modular Inserts**
- **Open System Communication Modules**

Ortronics® Connectivity

TracJack® Individual Jack System

- Front-loading, snap-in design supports future moves adds and changes
- Inserts for voice, data, audio, and video
- Available Category 3, 5e, 6, USOC 6-position, and other media
- Flat or angled 45° exit configurations
- Choice of 13 colors and color matched to Wiremold Systems
- Universal T568A/B wiring format

Series II Front-Loading, Module System

- Module design features easy snap-in front-loading design
- Linear 110 punch down format for easy termination
- Inserts for voice, data, audio, and video
- Available Category 3, 5e, 6, USOC 6-position, and other media
- Available in flat or angled 45° exit configurations
- Color matched to Wiremold Systems

For detailed product selection refer to the Ortronics Catalog or visit www.ortronics.com.

Pass & Seymour Legrand Network Wiring

Activate™ Series Front-Loading Inserts

- Modular inserts for voice, data, audio and video applications
- Front-load, snap-in design
- Color and texture matched to Wiremold Systems
- Available Category 3, 5e, 6, as well as 6-position USOC
- Universal T568A/B wiring format

For detailed product selection refer to the Pass & Seymour Network Wiring Catalog or visit www.passandseymour.com.

Open Connectivity Solutions

Wiremold Open System Communications Modules

- Accommodate a wide range of manufacturers' communications outlets including keystone jacks, as well as proprietary solutions from Avaya (Systemax) and NORDX
- Modules insert into a wide range of Wiremold Systems
- Pre-punched faceplates accept common communication devices

NOTE: For more information on integrating connectivity into Wiremold Cable Management Systems contact the Wiremold Applications Engineering Team or your local Wiremold Sales Representative.
