Wiremold

Flexible and Durable Activations for Multiple Systems

COMMUNICATIONS   A/V CONNECTIVITY

Wiremold® 525 Series Service Fittings provide an expanded range of services to include audio/video devices. 525 Series Service Fittings' four-piece design delivers the flexibility of interchangeable faceplates and the durability to withstand multiple moves, adds and changes. These fittings can be applied to ®Walkerduct Pro Series, Walkerduct® Underfloor Duct, Flushduct® and Walker 800 Series Floor Boxes.

525 Series Service Fittings are made from die-cast aluminum with a brushed satin finish. Each pedestal provides a single service, with multiple fittings required for two or more services. This line of fittings is ideal for use in schools, commercial office spaces and in labs.
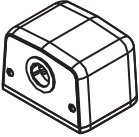

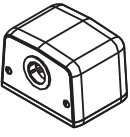

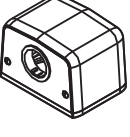

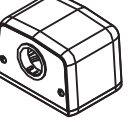

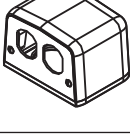

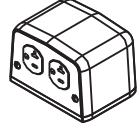

525 Series Fittings provide single service wiring solutions.

FEATURES & BENEFITS

- **All 525 Series Fittings are UL Listed to U.S. and Canadian underfloor duct safety standards.**

- **Enlarged baseplate openings.** Two openings in the baseplate have been enlarged to accept 11/4" [32mm] locking nipple. Third opening accepts 1" [25mm] locking nipple. Provides greater wiring capacity.

- **Unique 3-position baseplate.** Allows fitting to be centered or adjusted 3/4" [19.1mm] to one side of center. This integral flexibility permits the fitting to be placed clear of furniture, equipment or adjacent fittings.

- **Interchangeable faceplates.** The 525 Series uses the same faceplates as the previous 505 Series four-piece fittings. Functional changes are now as simple as changing faceplates instead of entire activations.

- **A/V compatibility.** Accepts Extron® Electronics and Ortronics® audio/video devices.

- **Die-cast aluminum with satin finish.** Durable construction provides a fitting that performs and maintains a good appearance after years of service.

- **Datacom connectivity options.** Accepts industry standard and proprietary devices from a wide range of manufacturers to provide a seamless and aesthetically pleasing interface for voice, data, audio, and video applications at the point of use.

- **Flexible four–piece design.** Accommodates two removable faceplates. Choices include blank, power and communication styles. Reduces labor cost for making moves and changes.

- **New housing design.** Reduces the amount of visible lines and angles, improving aesthetic impact.

Four-Piece Service Fittings

| Catalog No./Item	Description/Specifications
525A	**Service Fitting** – 1" [25mm] I.D. grommet one side.
525B	**Service Fitting** – 1" [25mm] I.D. grommet both sides.
525C	**Service Fitting** – 1 1/4" [32mm] I.D. grommet one side.
525D	**Service Fitting** – 1 1/4" [32mm] I.D. grommet both sides.
525F	**Service Fitting** – Duplex receptacle opening, one side.
525G	**Service Fitting** – Duplex receptacle opening, both sides
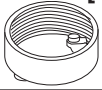

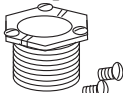

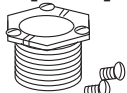

Catalog No./Item	Description/Specifications
525H	**Service Fitting** – 20A, 125V duplex receptacle, one side.
525I	**Service Fitting** – 20A, 125V duplex receptacle, both sides.
525J	**Service Fitting** – Decora or GFI receptacle opening, one side.
525RT	**Service Fitting** – Includes faceplate with opening, one side. Ortronics Series II and TracJack adapters included.
525ACT	**Service Fitting** – Includes faceplate with opening, one side. Activate CM-MAB adapter included.
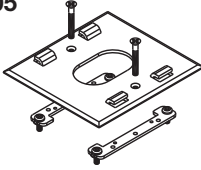

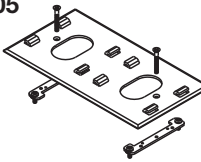

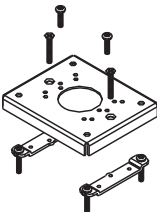

525 Series Accessories

Catalog No./Item	Description/Specifications
500RT	**Faceplate** – Single opening. Ortronics Series II and TracJack adapters included.
500ACT 2 5/8" [67mm] 4 7/16" [113mm]	**Faceplate** – Single opening. Activate CM-MABadapter included.
500B	**Faceplate** – Blank.
500-MAAP	**Faceplate** – Accepts Extron® Electronics MAAP device plates.
500T	**Faceplate** – 1" [25mm] I.D. grommeted hole.

Catalog No./Item	Description/Specifications
500SP-	**Faceplate** – Single opening. Suffix indicates hole diameter.

SUFFIX	HOLE DIAMETER	
1/2	1/2"	[12.7mm]
7/8	7/8"	[22.2mm]
1.0625	1.0625"	[27mm]
1 1/8	1 1/8"	[29mm]
1.39	1.39"	[35mm]
1 7/16	1 7/16"	[37mm]
1 1/2	1 1/2"	[38mm]
1 9/16	1 9/16"	[40mm]
1 5/8	1 5/8"	[41mm]
2	2"	[51mm]

Catalog No./Item	Description/Specifications
500DR	**Faceplate** – For single duplex receptacle.
500-GFI	**Faceplate** – For Decora or GFI device.
525HB	**Housing and Base Plate** –Only.

Now you have a wide range of options for providing datacom connectivity into Wiremold/Legrand Pathways. They are:

- **Ortronics® TracJack® and Series II Modular Connectivity Solutions**
- **Pass & Seymour Activate™ Modular Inserts**
- **Open System Communication Modules**

Ortronics® Connectivity

TracJack® Individual Jack System

- Front-loading, snap-in design supports future moves adds and changes
- Inserts for voice, data, audio, and video
- Available Category 3, 5e, 6, USOC 6-position, and other media
- Flat or angled 45° exit configurations
- Choice of 13 colors and color matched to Wiremold Systems
- Universal T568A/B wiring format

Series II Front-Loading, Module System

- Module design features easy snap-in front-loading design
- Linear 110 punch down format for easy termination
- Inserts for voice, data, audio, and video
- Available Category 3, 5e, 6, USOC 6-position, and other media
- Available in flat or angled 45° exit configurations
- Color matched to Wiremold Systems

For detailed product selection refer to the Ortronics Catalog or visit www.ortronics.com.

Pass & Seymour Legrand Network Wiring

Activate™ Series Front-Loading Inserts

- Modular inserts for voice, data, audio and video applications
- Front-load, snap-in design
- Color and texture matched to Wiremold Systems
- Available Category 3, 5e, 6, as well as 6-position USOC
- Universal T568A/B wiring format
For detailed product selection refer to the Pass & Seymour Network Wiring Catalog or visit www.passandseymour.com.

Open Connectivity Solutions

Wiremold Open System Communications Modules

- Accommodate a wide range of manufacturers' communications outlets including keystone jacks, as well as proprietary solutions from Avaya (Systimax) and NORDX
- Modules insert into a wide range of Wiremold Systems
- Pre-punched faceplates accept common communication devices
NOTE: For more information on integrating connectivity into Wiremold Cable Management Systems contact the Wiremold Applications Engineering Team or your local Wiremold Sales Representative.
