## Power Commander® IQ MOUNTING INSTRUCTIONS

Installation Instruction No.: 1 007 705 – April 2008

Wiremold / Legrand electrical systems conform to and should be properly grounded in compliance with requirements of the current National Electrical Code or codes administered by local authorities.

All electrical products may present a possible shock or fire hazard if improperly installed or used. Wiremold / Legrand electrical products may bear the mark as UL Listed and/or Classified and should be installed in conformance with current local and/or the National Electrical Code.

**IMPORTANT: Please read all instructions before beginning.**

Products Covered: SPDU20-0U

The Power commander® IQ offers three convenient hardware options to mount the SPDU20-0U into racks and cabinets available from most major manufacturers.

### “L” BRACKET MOUNT (INCLUDED)

The “L” Bracket mounting option provides a simple and secure mounting solution for the SPDU20-0U.

### BUTTON BRACKET MOUNT (INCLUDED)

The button bracket mounting option offers a fast solution for mounting the SPDU20-0U using standard 49" [1.245m] spacing keyholes.

### UNI-BRACKET MOUNT – PDU-MK1 KIT ORDERED SEPARATELY

The PDU-MK1 Kit will allow you to mount the SPDU20-0U into racks and cabinets available from most major manufacturers.
