

E-6/6 CONCEALED FASTENER WALL PANEL SYSTEM

Englert offers a full line of commercial/industrial wall panels, available in a wide range of colors all in a Kynar 500[®] paint finish that meet specific aesthetic and corrosion resistance requirements. Architects and builders can choose from a variety of Englert's economical and durable wall panel systems, suitable for use in pre-engineered metal building applications, agricultural structures, commercial buildings and industrial buildings.

Englert E-6/6 Concealed Fastener Wall Panel System

The **Englert Series E-6/6** is a 12 inch wide concealed fastener wall panel, recessed every six inches to provide a shadow effect.

All of the Englert Commercial/Industrial Wall Panels can be designed with either rigid board insulation, or liner panels and fiber glass batt insulation, to produce field assembled, insulated siding systems.
