ENGLERT

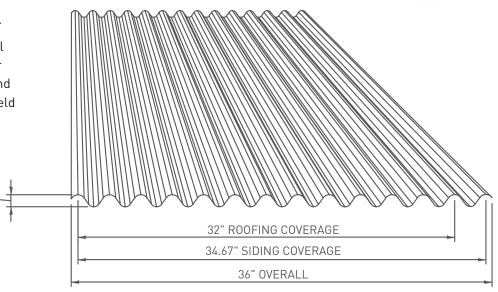

Englert offers a full line of commercial/industrial wall panels, available in a wide range of colors all in a Kynar 500[®] paint finish that meet specific aesthetic and corrosion resistance requirements. Architects and builders can choose from a variety of Englert's economical and durable wall panel systems, suitable for use in pre-engineered metal building applications, agricultural structures, commercial buildings and industrial buildings. ----

Englert 2.67 inch x .75 inch Corrugated Wall Panel System

The Englert 2.67 inch x .75 Corrugated Wall Panel System is specifically designed for use in industrial applications. With a deeper corrugation, this panel provides increased load carrying

capacity and adds heavier shadow lines.

All of the Englert Commercial/Industrial Wall Panels can be designed with either rigid board insulation, or liner panels and fiber glass batt insulation, to produce field assembled, insulated siding systems.

2.67" X .75" CORRUGATED LOAD TABLE

STRESS GOVERNING: 37 ksi yield for 18 and 20 Ga; 50 ksi for 22 and 24 Ga (PSF)
