QTREN

Ultra Silent™ Series

The Ultra Silent™ Series is the high-style, nearly silent product line from Broan and NuTone. Available in fan, fan/light and heater/fan/light versions and as quiet as <0.3 sones. Most models are ENERGY STAR qualified.

744 & 744NT

Recessed Light/Fan

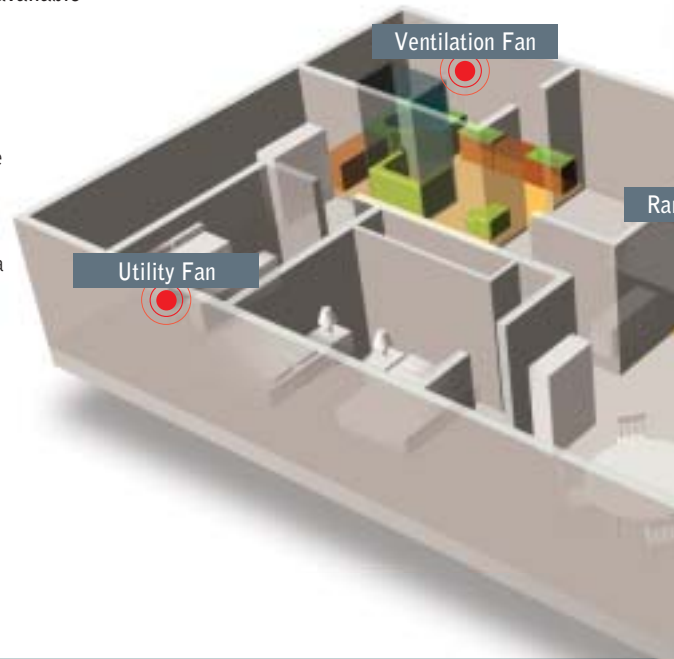

Recessed and virtually invisible, the new 744 recessed light/fan matches the trim designs of major lighting manufacturers. It's the perfect solution for any room that could use additional ventilation, and is UL listed for use over a tub/shower. Choose from incandescent or fluorescent lighting.

Broan Fresh Air Systems

Indoor Air Quality

Fresh air throughout the home is simplified and cost effective with Broan Indoor Air Quality solutions. Dust, allergens, contaminants and excessive moisture are removed from the home with Broan's SmartSense® Ventilation System. Broan's SmartSense® Ventilation and Fresh Air Systems provide for a cleaner, more comfortable and healthier home environment. The additional energy and heat recovery of Broan Fresh Air Systems with optional HEPA filtration provides an even higher level of health and energy savings.

- Multi-speed and variable speed control options
 - Dishwasher-safe filters
 - Charcoal filter kits
 - Backsplashes, flue extensions, liners and installation accessories

Range Hood

Ventilation Fan

WC26

Professional Style

For the look and performance of professional installations, Broan offers a selection of range hoods in 36"-72" widths, as well as a full complement of coordinated accessories.

WC23

Chimney & Island Hoods

Wall mounted Chimney hoods and free-hanging Island hoods enhance today's open kitchen designs. They're available in a broad range of styles, widths and finishes. Reversing flues and filter kits for non-ducted applications, and flue extension options allow design flexibility and customized appearances.

E55000

Under Cabinet

Even the most simple ducted and non-ducted range hoods take on a whole new character when you choose styles and colors from Broan. Colors match those of all major appliance manufacturers.

DOOR CHIMES

NuTone sound

Beautiful sound and timelessly styled,
NuTone has the perfect door chime.

Creating life's wonderful memories begins with a good first impression. There is no better way to make that impression than by greeting guests with the elegant sounds and designs of NuTone door chimes. With the perfect combination of function, style and sound, NuTone offers a breadth of wired and wireless door chimes as well as decorative wired and wireless pushbuttons.

Westminster Chimes

Traditional and elegant, these eight-note Westminster NuTone door chimes appeal to the most discriminating consumers.

LA164WH

Wired and Wireless Chimes

Rich, beautiful sounds are no longer limited to the traditional wired NuTone door chimes. NuTone also offers a variety of wireless door chimes with understated style and simplicity and great sound quality.

LA140WH

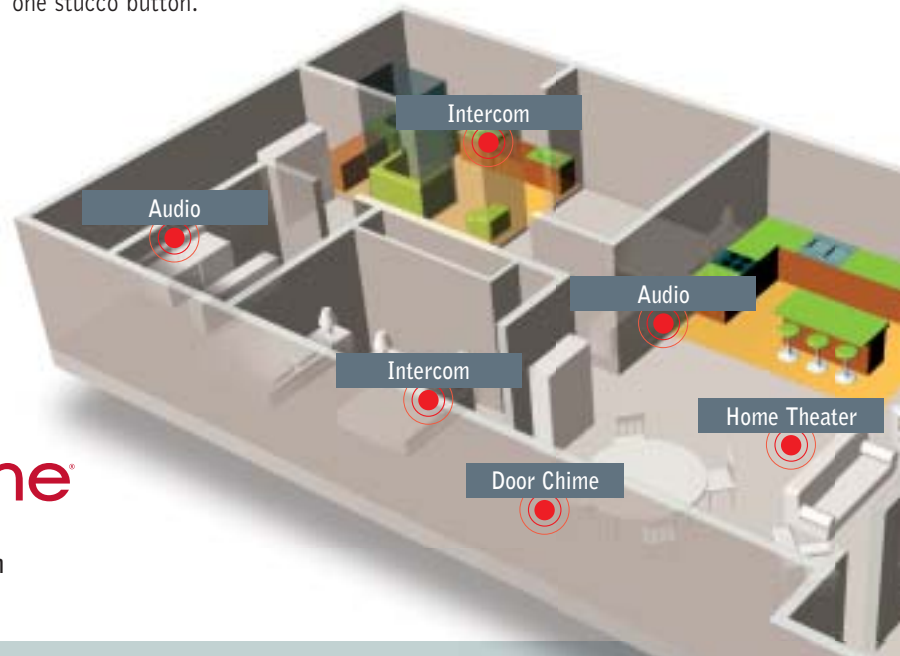

Pushbuttons

Surface mount to flush mount, contemporary to classic, polished brass and satin nickel to oil-rubbed bronze, NuTone has a pushbutton designed to meet everyone's individual style and functional needs.

Builder Chime Kits

NuTone puts everything in one package, providing the perfect kit to meet your installation needs. The Contemporary Style Builder Chime Kits feature a graceful curved styling and a rich, textured face with a new transformer design that incorporates a heavy-duty attachment nut. The Junction Box Builder Chime Kits save installation time with one box, one connection point and one less hassle. Choose a kit with one or two standard buttons or one stucco button.

NuTone®

NuTone.com

Intercom and Speaker Systems

NuTone offers a full range of products designed to meet consumers' expectations for high-quality music distribution, security, and room-to-room communication through an offering of modern radio intercoms and built-in stereo speakers. These products are easy to install and easy to use, while combining many advanced features, otherwise available only through the combination of a variety of different products. All NuTone intercom products provide the ability to monitor one room from all other remote stations. Options include chimes, which can be heard throughout the house as well as outdoor speakers.

The NuTone stereo speaker line includes such unique items as the market's only combination of a built-in powered subwoofer and 150 Watt amplifier, all but making the subwoofer disappear in a wall cavity.

Whole house intercom and audio distribution

Advanced music distribution intercom features a built-in CD player and AM/FM Radio. It allows for front door and room monitoring, front door answering, as well as clear room-to-room communication.

IMA4406

Intercom and radio

Fully-featured radio intercom system provides for distribution of entertainment from a built-in AM/FM tuner, as well as room-to-room communication, monitoring, and front door answering.

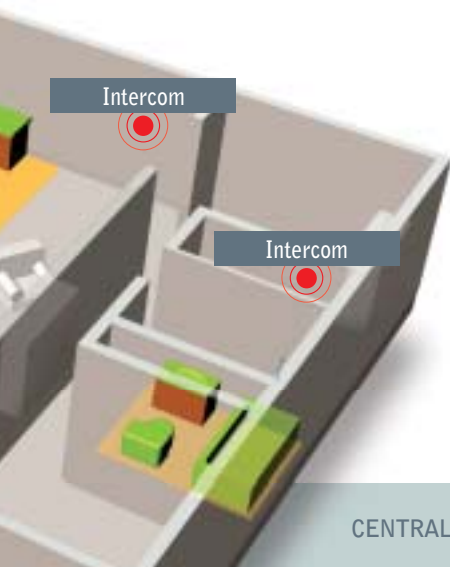

IMA3303

Room-to-room intercom

Selective call intercom system lets consumers call one specific room, or all of the rooms in the house at one time. The system allows for music distribution through an auxiliary input port.

Convenience and comfort

Medicine Cabinets

Expect craftsmanship, style, fashionable storage and flexible functionality from the extensive breadth of medicine cabinets by NuTone. Styles and cabinet sizes let you build on your creativity, adapt to your designs and satisfy the consumer demand for more bathroom storage. Trust NuTone to help you do it beautifully.

72SS244D / 74CY24

The Gallery Collection

With a full range of beautiful wood frame finishes, sizes and installation options, the Gallery Collection lets you express your creative design ideas. Incorporate beautiful and functional storage that is a perfect reflection of your client's desires.

S568N244SSNP

Studio V Collection

Studio V lets you match your medicine cabinet frame to your bathroom hardware. Five Traditional and five Contemporary frame profiles in rich, metal-finishes enable 80 size and style options, with a white or stainless steel cabinet body. Other features include glass shelves, 170° Euro-style hinges, and interior mirrors.

52WH244DP

Metro Collection

Metro Deluxe, Metro Classic, Metro Shapes, and Metro Oversized. This timeless array of frameless medicine cabinets offers flexible design solutions and sizes that meet the needs of even the most discerning individuals.

Ironing Centers

NuTone Built-In Ironing Centers are a homeowner's best kept secret. Designed to save time and space, they are ideal for a master bedroom, laundry room, kitchen or even the family room. Convenient to use and store, NuTone offers features and models that meet everyone's needs without sacrificing quality. Storage shelves, built-in electrical outlets, lighting, silent timers and custom doors make NuTone the flexible solution for any décor.

VX1000

NuTone VacPan™

Sweep it away! Two different dust pans allow users to sweep debris from hard surfaces conveniently into the central vacuum system. Kick open, kick closed. It's done.

CI365

Central Vacuums

NuTone offers a variety of central vacuum power units to deep clean homes as large as 12,000 square feet. Vacuum filtration options include a strong bagged system, or a bagless cyclonic filter system. Both feature exclusive Microban® Antimicrobial Product Protection which inhibits the potential for growth of odor causing microbes in the bag, and the growth of microbes that can cause fouling of the cyclonic filter's surface. Particles from across the home are trapped in one large, easy-to-empty debris collector. Any remaining microscopic particles are ported outside the home, leaving the inside a cleaner, healthier environment.

NuTone offers a wide range of Central Vacuum system accessories including powerful power nozzles with integrated "beater bars" for deep cleaning, hard surface tools, and turbine brushes. Pre-packaged tool kits make the selection process easy. Kits range from specialized combinations for use in the garage to full-featured power kits.

Flexible Hose & Sock

A variety of accessories, including this hose sock, make the use of NuTone's central vacuum systems easy, while protecting hard wood floors, furniture and painted/papered corners.

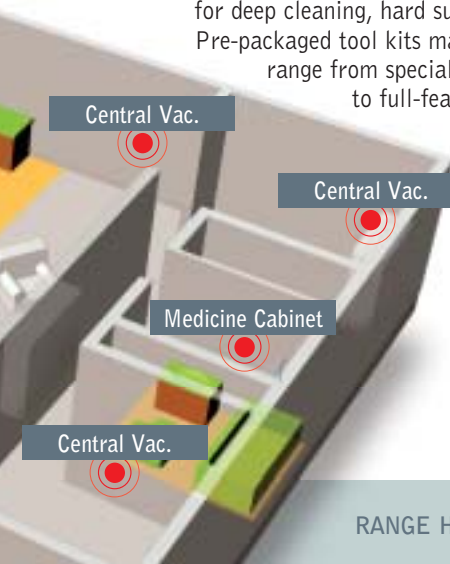

CA130

Durable Hoses

Crushproof, lightweight hoses complete a fully integrated central vacuum system. Lightweight and easy to handle, they enhance the user experience no matter where they are in the home.

Residential ventilation and lifestyle conveniences from brands consumers know and trust.

Broan has a way of making the indoor environment a more comfortable place. A good thing, considering how much time is spent in the home. While you may not always know Broan products are at work, it's easy to see when they're missing: a foggy master bath, a stuffy family room, the lingering aroma of last evening's dinner. But it's more than comfort; it's a home that's healthier, too. A well ventilated home minimizes mold and mildew, and removes dust, allergens and other airborne irritants, promoting good Indoor Air Quality. Broan does all this beautifully, with high style products that are technologically advanced, quiet, and above all, dependable.

Range Hoods • Decorative Backsplashes • Ventilation Fans • Heater/Fan/Light Combination Units • Indoor Air Quality (IAQ) Fresh Air Systems • Built-In Heaters • Whole-House Fans • Attic Ventilators • Trash Compactors.

Broan is proud to be an ENERGY STAR® partner.

When you think about the modern lifestyle conveniences that consumers want to help manage their homes you'll think about NuTone. For 75 years NuTone has helped make today's residential dwellings more hospitable and convenient places. NuTone products help make everyday living easier, more pleasant, and the home a place where families truly want to be together. They're smart ideas that resonate with consumer desires for simplicity, beauty and function. And quality products that consumers have come to trust. Clean, communicate, relax, listen, and welcome guests into your home with NuTone.

Door Chimes • Central Vacuum Systems • Stereo Intercom Systems • Paddle Fans • Home Theater Speakers
Medicine Cabinets • Ironing Centers • Ventilation Fans.

NuTone is proud to be an ENERGY STAR® partner.
