CRL Manufacturing

This 270,000 square foot facility is located in Vernon, California. CRL employees are at work using the progressive QS-9000 manufacturing processes to make products to support the Glazing, Railing, Architectural, Construction, Industrial, and Automotive industries.

Technical Sales

C.R. Laurence Company has a Technical Sales Department to assist with design plans and installation questions. Your job can be made easier with the help of our Technical Sales Representatives who are trained in the newest Transaction Hardware Systems, and can offer you detailed diagrams and layout sheets. Ask for Extension 7760.
