Aluminum Component Sunshade - Airfoil Blade

Perforated Metal Sunshades

## CRL CUSTOM SUNSHADE COMPONENT PARTS

Choose one option from each step below to build your Custom Sunshade.

### Step 1 – CRL Outrigger Options

### Step 2 – CRL Mounting Bracket Options

### Step 3 – CRL Fascia Options

### Step 4 – CRL Blade Options

### Step 5 – CRL Infill Panel Options

### Step 6 – CRL Color Options

An element of sophistication and modern design, sunshades can transform an indistinct building into a space of beauty and expression. CRL Sunshade Systems are a rich complement to the design of any building. Each system is built to your specifications in their Los Angeles facility under strict standards that have earned CRL many prestigious awards for manufacturing excellence. CRL engineers will work with you to create an elegant and functional Sunshade

System that is sure to impress.

For additional information, contact CRL Technical Sales at (800) 421-6144 in the U.S., (877) 421-6144 from Canada, or (323) 588-1281 International. Ask for Ext. 7770. You can also e-mail them through their web site at [crlaurence.com](http://crlaurence.com). From the home page click on Contact Us, and then click on Technical Sales for Architectural Metals Products.

## CRL CUSTOM FABRICATED SUNSHADES

- Available in Many Proven Designs or Custom Designed to Meet Your Needs
- Structurally Designed to Meet the Load Values Required on the Project
- Powder Paint or KYNAR® Finishes Available
- Fabricated in CRL Facility for Prompt Service

CRL Sunshades not only provide solar protection but also add to the aesthetics of the building. A Custom Sunshade installation involves a group of talented people to get it right. First, the architect and property owner decides on a plan that meets the building's criteria for visual aesthetics, energy conservation, and budget. Then CRL's Technical Sales Department works with all the parties involved to assure a functioning and attractive Sunshade installation is completed. CRL performs engineering for a safe and long-lasting job, and provides shop drawings for approval.

## CRL GLASS AWNINGS

- Complete Hardware System for 9/16" (14 mm) Tempered Laminated Glass Awnings
- Provides Protection From the Weather Without Obstructing the View
- Adjustable Slope for Most Weather Conditions
- High Grade 304 and 316 Alloy Stainless Steel Components for Panel Sizes Up to 48" (1219 mm) Wide and 72" (1829 mm) Long With Two Rods and Mounting Kits
- Easy Installation Allows an Economical and Elegant Solution for Both Commercial and Residential Applications

The CRL Glass Awning Support System will give any entrance an uncomplicated, graceful look. With the use of tempered laminated glass you can add a range of glass colors, textures, and special effects not available with typical monolithic glass.

This complements and enhances the design of any building.

The use of eye and fork connections makes the installation of CRL's Awning System quick and easy. The Connecting Rods are designed to make field adjustments on varying job conditions a snap. Components are 304 and 316 Alloy Stainless Steel for durability in even the harshest of environments.
