THE BOWERSTON SHALE COMPANY

Manufacturer of OHIO quality clay face brick and paving brick since 1929.

With plants located in Bowerston and Hanover, Ohio, the Bowerston Shale Company has produced quality clay products for the architectural, commercial and residential markets for over 80 years. Quality and customer service have been the foundation of our company. We continually incorporate the latest engineering and manufacturing techniques into our brick production.

Architects and builders specify brick from the Bowerston Shale Company for many reasons. These include: known quality, wide selection of shades, sizes and textures, color consistency and size parameters that meet tight tolerances and **special matching requirements**. Creativity in specialty brick design and sculpture has been a hallmark of the Bowerston Shale Company. The skilled staff in our architectural specialties and design department create custom shapes and sculptures that give unlimited possibilities to building design. Visit www.bowerstonshale.com or call for more information on **custom brick sculptures**.
