

Apogee Stadium - University of North Texas

ALUMINUM SEATING **On Concrete**

Ellis Davis Fieldhouse - Dallas, TX

Denton ISD - Denton, TX

Folsom Field - University of Colorado

Solutions for Concrete

Our aluminum extruded seating planks install quickly, easily and economically on new concrete structures and offer an effective solution for expansion or renovation of existing facilities.

Sturdisteel extruded aluminum planks are in a class by themselves for quality, durability and low maintenance - providing spectator comfort for all types of sporting events.

Whatever the event, aluminum bench seating is the most used and cost effective way to maximize the number of seated viewers for a particular space.

The Industry Standard

Sturdisteel is a recognized industry leader in spectator seating solutions. With thousands of installations across North America, our clients include some of the finest sports facilities in the world.
