# ABOUT MASTER HALCO

## Master Halco's Mission

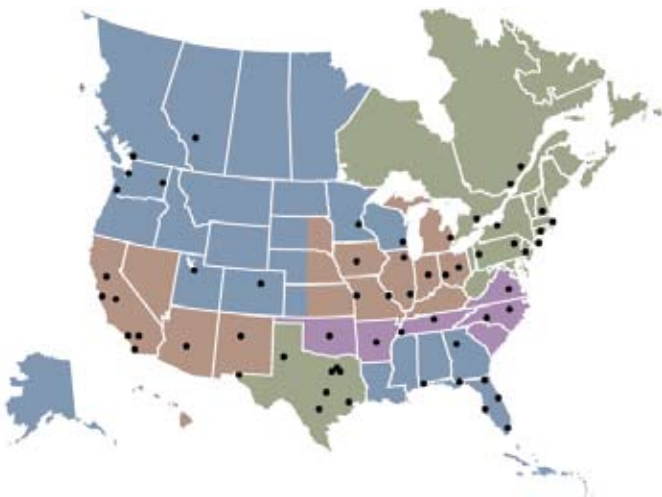

MASTER HALCO is the master of security, innovation and style. As North America's leading manufacturer and wholesale distributor of perimeter security and fencing, we are the provider of choice for thousands of professional fence and security contractors and quality building material retailers. Since 1961, we have been the industry's premier fencing provider.

We offer a complete line of high quality fence systems in both traditional and unique styles. Our full line of products include vinyl, wood, ornamental, and chain-link fences and gates for residential, commercial, industrial, and high security applications.

For all your fencing needs, you can trust MASTER HALCO.

## Our Commitment

Since 1961, Master Halco has grown to become the largest manufacturer and distributor of fencing materials in North America, serving thousands of the best retailers and installers across the United States and Canada.

## Our Warranty

Our commitment to our products is also evident in our warranty programs. Visit our website to find out more.

MasterHalco.com.

For more information about Master Halco products, services, or warranties, call 1.888.289.3362 toll-free or visit us online: [MasterHalco.com](http://MasterHalco.com)

Master Halco operates from locations across North America with a vast network of distribution centers supported by our delivery fleet.

# CHOOSE YOUR CHAIN-LINK SYSTEM

## “Good or Better” Galvanized Chain-Link Systems: 5 or 12 Year Warranties

Galvanized residential chain-link fence systems have been preferred for decades to provide our economical choice to define property lines, enclose animals, and to protect and add value to property.

- Master Halco’s “GOOD” System contains 11-1/2 gauge galvanized chain-link with a 17 gauge framework. 5 year warranty.
- Master Halco’s “BETTER” System contains 9 gauge galvanized chain-link with a 16 gauge framework. 12 year warranty.

## “Best” Color Chain-Link Systems: 12-Year Warranty

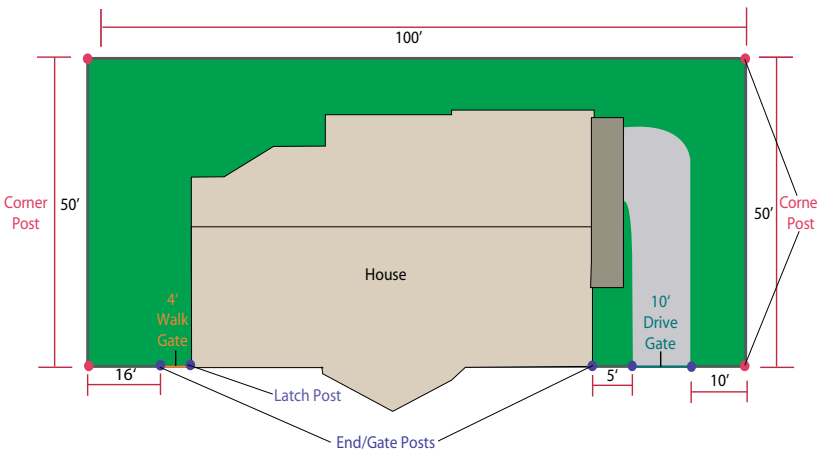

The perfect choice of property owners who need the strength and protection of a chain-link fence system plus an appearance that blends beautifully with the environment.

- Master Halco’s “BEST” System contains 9 gauge chain-link and 16 gauge posts and 17 gauge top rail with the color choices below. 12-year warranty.

## How to determine materials required for Line of Fence in 6 easy steps:

- Step One:** Begin by sketching out a layout of your project as per the example below.
- Step Two:** Locate the terminal posts. Terminal posts are located anywhere the line of the fence stops or changes direction. This includes end/gate posts or corner posts.
- Step Three:** Measure the distance between terminal posts and total each line of fence. The line of fence sold by the foot in 10’ increments.
- Step Four:** Determine the number of gates required.
- Step Five:** Choose a Height.
- Step Six:** Choose Good, Better or Best.

231 Feet of Fence, End/Gate Posts, 4 Corner Posts, 1 Latch Post, 1 Single Walk Gate, 1 Double Drive Gate

**Example: “Better” 4’ high fence, 9 gauge galvanized Pg 7**

Quantity	Descriptions	Part No.
*240’	Line Of Fence [10’ Increments]	011693
4	End/Gate Post Kit	086847
4	Corner Post Kit	086862
1	Latch Post (walk gate & house)	027017
1	Single Walk Gates 48” Opening	027017
1	Double Drive Gates 10’ Opening	027032
<b>OPTIONAL</b>		
2	Galv Tension Wire (10lb Coil 170’)	087025
1	Galv Hog Rings (264 per LB 1 per Ft)	023621

\*The reason for 240’ is because line of fence is sold by the foot in 10’ increments.

# COLONIAL ORNAMENTAL ALUMINUM

Colonial Aluminum® fences offer a variety of design styles to choose from to customize the look of your property. All panels come in 6' rackable sections which beautifully adjust to the contours of your land. They also offer the beauty of a screwless design for that desired "good neighbor" look. Aluminum fences offer you an attractive ornamental fence with the classic looks of wrought iron, but are easier to maintain than iron. With the added benefit of a Lifetime Limited Warranty you have the comfort of knowing your investment will last for years to come. Colonial Aluminum fences are also a strong alternative to steel with their durable construction and lower costs.

## Features & Benefits

- Aluminum panels and posts that never develop red rust cost less to maintain and are ideal for poolside fencing.
- Easy rackability up to 20" over 6' for flexibility over uneven terrain. Adjusts 20 inches over 6 feet.
- Durable polyester TGIC powder coating resists fading and scratches for a lasting look
- Screwless panels for a clean "good neighbor" look
- Gates which have welded rails and pickets for added strength and durability
- Assembled sections for quick and easy installation
- Lifetime limited warranty
- Many styles available to suit your needs: Universal, Spear, Universal Spear, Picket, and Staggered Spear

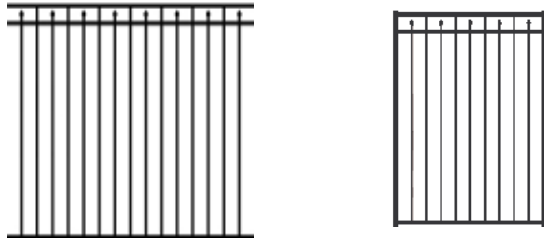

Shown: Colonial Universal Spear Flush Panels

## What Makes Master Halco Vinyl Solutions Different?

All the profiles that go into the Illusions® line of vinyl fencing are made from extruders using advanced chemistry and state of the art proprietary tooling and manufacturing equipment. All of the polyvinyl components that go into our fence, deck, and railing systems are constructed of scientifically formulated 100% virgin co-extruded vinyl compounds. There are no reprocessed fillers added to weaken or compromise color and structural stability.

Illusions® brand vinyl fencing uses top-grade materials from the nations leading extruders of vinyl products. The materials are a custom blended mix of stabilizers, impact modifiers, processing aids and pigments. Long term weathering studies have shown these products tin stabilized, acrylate modified formulations with high levels of titanium dioxide (a pigment and UV light screener) result in the best retention of color, gloss and toughness.

Our PVC has the industry leading standard of 10 parts per 100 TiO<sub>2</sub> (titanium dioxide) to give its vinyl the longevity and performance of a lifetime product.
