To Search in Mincron, Type: “.ALN” in the Product # / Description Field:

Acronym	Description	Acronym	Description
ALN	Angle Frame; Light Duty; No Spring	EPC	Exposed Padlock Clip
ALS	Angle Frame; Light Duty; Spring Assist	RPC	Recessed Padlock Clip
AHN	Angle Frame; H-20; No Spring	AOSG	Actual Opening Safety Gate
AHS	Angle Frame; H-20; Spring Assist	HLC	High Load Capacity- 200psi Design Gate
CLN	Channel Frame; Light Duty; No Spring	GST	Galvanized Steel
CLS	Channel Frame; Light Duty; Spring Assist		
CHS	Channel Frame; H-20; Spring Assist		
TLN	Top Mount Retrofit; Light Duty; No Spring		
TLS	Top Mount Retrofit; Light Duty; Spring Assist		
SLN	Slide in Retrofit; Light Duty; No Spring		
SLS	Slide in Retrofit; Light Duty; Spring Assist		
BLN	Basin Cover; Light Duty; No Spring		
FLN	Flood Tight; Light Duty; No Spring		
FLS	Flood Tight; Light Duty; Spring Assist		

You can also add the numbers 1 or 2 for single or double door configuration in known

Part Number Break Down

H XX XX XX XX

Hatch	Width (Inches)	Length (Inches)	Series	Options
	In the unusual event that either the width or length is larger than 99", that dimension will be represented in feet, using the corresponding alphabetical letter, e.g., H420L1801 is a 42"X144" DT HD, using the "0L" for 12 feet.	Typically two numbers, but can be 3 if needed. Ex. H36481001; Length = 48		The last two digits are place holders for different options in a series. However, the digits 02, 03, 04, 05, will typically represent that particular hatch door with a skirt for a 6", 8", 10" and 12" slab, respectively.

Series Number with Options

Series	Options
10	ALN1
11	ALN2
12	AHS1
13	AHS2
14	CLN1
15	CLN2
16	CLS1
17	CLS2
18	CHS1
19	CHS2
20	ALS2
21	ALN1
22	ALN2
23	BLN1
24	SLN1
25	TLN1
26	FLN1
27	ALS1
28	SLN2
