

Sealant & Adhesive Recommendations

Nichiha Fiber Cement Products

Brick Panels

Other polyurethane sealant and adhesive manufacturers not listed would be acceptable to use with Nichiha Brick, Stone and Block panels. For questions regarding the products listed here, contact the manufacturers directly or call Nichiha Technical Department toll free at 1.866.424.4421.

Nichiha makes recommendations of types of sealants commercially available i.e. polyurethane or hybrid equivalent. Nichiha USA, Inc. is not responsible for color matching of sealant manufacturers' products, as different color lots from the same manufacturer can vary greatly. We recommend that you test a small area with sealant before you purchase sealant for entire project. As with ALL projects the customer or contractor should approve the specific color match of the selected sealant before purchasing quantities of sealant from any manufacturer.

CanyonBrick™ Amber Wheat

Brand Name	Product Name	Color Names	
Bostik	Chem-Calk 2000 S&T	White	
DAP	Side Winder	Off-White
