

LOCKERS &  
LOCKER ROOM BENCHES

SCRANTON PRODUCTS

*Worry-Free Brands. Your Every Need.™*

## A HISTORY OF LEADERSHIP

For more than 25 years Scranton Products' (Santana/Comtec/Capitol) brands have dominated the solid plastic building products market, setting new benchmarks for the industry in quality and design. Locker systems manufactured under the **Comtec Industries** brand have combined durable materials and innovative engineering to become one of the foremost names in the development and manufacture of locker systems nationwide.

## VERSATILITY

There is perhaps no greater challenge for the durability of lockers than high school teenagers. TuffTec™ Lockers are designed and built to withstand even the harshest daily use. TuffTec™ Lockers have been tested tough in the field in high schools and universities across the country. In fact, we build our lockers so tough that we back them up with a **full 15-year warranty** that covers breakage, corrosion, and delamination under normal conditions for 15 years from the date of receipt by the customer.

## SUSTAINABILITY

Scranton Products (Santana/Comtec/Capitol) takes recycling seriously. Our lockers use a blend of virgin and post-industrial plastic to produce a quality product and reduce industrial waste. The use of Scranton Products' (Santana/Comtec/Capitol) solid High-Density Polyethylene (HDPE) plastic products can contribute to LEED points in specific categories. Check with the United States Green Building Council for specific information.

## A SOLID ADVANTAGE

We start with the best material, 1/2" thick, HDPE formulated from a homogenous color throughout compound making it one of the most durable, cost-effective and good looking products in the industry. Our products out perform metal, wood or phenolic lockers, providing years of everyday low maintenance advantages, including:

- Scratch Resistance
- Impact & Dent Resistance
- Common Chemical Resistance
- Will Not Rust
- Never Needs Painting
- Will Not Delaminate (solid plastic)
- Easy to Clean
- Resists Mildew & Odors
- Tough, Durable Hardware Options
- Moisture Impermeability
- Graffiti Resistance — Resists Pencil, Pen, Paint & Most Markers
- All Plastic, Full Length Closing Mechanism For Security & Quiet Operation

## TUFFTEC™ LOCKERS

Durable enough for high schools, universities, amusement parks, factories, airports, stadiums and processing plants. Sleek enough for the country club or anywhere great looking lockers are required, Scranton Products (Santana/Comtec/Capitol) manufactures a locker system that is a perfect match for every purpose. We offer a wide range of styles, sizes and configurations.

## OPTIONS

TuffTec™ Lockers are available with plenty of options to suit your needs from locks to vents and fillers.

**Locks** — TuffTec™ Locker systems offer 4 different lock options:

- Padlock
- Key
- Coin Key
- Combination Lock (in door)

**Venting Style** — TuffTec™ Lockers are available with standard horizontal venting, as well as optional lattice mesh venting. Custom engravings such as handicapped symbols are also available as an option. Ask for details.

**Slope Top** — Slope top options prevent trash accumulation on top of lockers. Slope tops are fabricated to be shipped unattached, to be installed in the field.

**Locker Base** — Bases are supplied 4" high, black unless otherwise specified. Locker bases are fabricated from 3/4" black plastic. Bases are assembled in the field.

**End Panels & Fillers** — Plastic panels and fillers are available to ensure a perfect trim look.

## ATHLETIC LOCKERS

Designed with the athlete in mind, our Athletic Lockers facilitate changing and storage. With a built-in seating area and ample room for hanging uniforms, clothes and two storage compartments, our Athletic Lockers are all-team. Made tough from solid plastic, they are as rugged as they are good looking with features like:

- Vented Side Panels
- 2-Hanging Storage Hooks
- Lockable Storage & Open Storage Compartments
- Vented Storage
- Lockable Lift-Up Lid
- Resists Dents, Cracking & Graffiti
- Resists Corrosion
- 10 Designer Colors

## TUFFTIKE™ CUBBY LOCKERS

Designed for easy access and small storage, TuffTike™ Cubby Lockers are perfect for preschools, schools, libraries or anywhere small storage or checked storage is needed.

## LOCKER BENCHES

Scranton Products' (Santana/Comtec/Capitol) solid plastic benches are designed to complement and complete any locker room. Built tough, the tops are crafted from high density polyethylene with your choice of plastic, steel or aluminum pedestals. Locker benches are corrosion, mildew and bacteria resistant and are impervious to moisture so they will not warp, rot or split. Locker benches are available in a variety of widths and lengths and they can be easily adapted to accommodate any locker room environment.

## COLORS

TuffTec™ Lockers, Athletic Lockers, TuffTike™ Cubbies and Locker Room Benches are available in a variety of popular, designer colors to complement virtually any décor.

**Classics** — Classics feature our time-tested color palette along with the latest in designer color trends. And, as with all of our products, the color goes all the way through the sheet, not merely applied to the surface like some other materials.

**Impressions** — Impressions feature a range of speckled patterns for an eye-appealing finish.

Innovative design, superior engineering and the utmost in durability — get the best locker system and the best value in the business with Scranton Products (Santana/Comtec/Capitol). Sales representatives are available nationwide. **Call 800.445.5148 for a Scranton Products (Santana/Comtec/Capitol) representative in your area, or visit [www.scrantonproducts.com](http://www.scrantonproducts.com)**
