### SAFE AND SECURE

## EMERGENCY RESPONSE AND ENVIRONMENTAL SEPARATION

#### **EMERGENCY RESPONSE PRODUCTS**

- CROSSINGGARD EMERGENCY RESPONSE GRILLE
- **ROLLING FIRE DOORS**
- **INSULATED FIRE DOORS**
- SMOKE AND DRAFT CONTROL ASSEMBLIES
- ROLLING COUNTER FIRE DOORS
- M100 FIREGARD CLOSING SYSTEMS
- **ACCORDION FOLDING FIRE DOORS**

#### **ENVIRONMENTAL SEPARATION PRODUCTS**

- ROLLING SERVICE DOORS
- **INSULATED DOORS**
- ROLLING COUNTER DOORS
- **ROLLING GRILLES**
- **SENTRYGATE GRILLES**
- SIDE FOLDING GRILLES AND CLOSURES
- ACCORDION FOLDING PARTITIONS

Over 180 years of Service

	Products:			
	Model Numbers		Descriptions:	
	Emergency Response Grille CrossingGard®: ERG10	The state of the s	The security of a locked, rolling grille that fully opens automatically in an emergency situation to allow safe escape. Concealed self locking assemblies: no manual locking or unlocking required. <b>Model ERG-IBC</b> is	
ш	Access-Controlled Egress per		ICC-ES evaluated for access controlled egress per the International Building Code®. Cornell M100 FS	
S	the IBC®: ERG-IBC	A SHARMAN	series motor operator standard to provide fail-safe automatic emergency opening capabilities.	
Z	Fire Doors: ERD10		Protect against the spread of fire by automatic closing in the event of fire detection with governed speed	
_	SmokeShield® Fire Doors: ERD11		control. Also daily use to provide security and access control. Meet insurance and building codes.	
0		<b>建进</b> 别	UL 4, 3, 1 1/2, 1 and 3/4 hour labels. Also SmokeShield® Fire Doors with UL "S" label for smoke and	
<b>a</b>			draft control.	
	Insulated Fire Doors		UL rated fire protection plus security, sound attenuation and environmental separation. Reduce costs	
S	Firemiser <sup>™</sup> : ERD20 SmokeShield® Firemiser <sup>™</sup> Fire		by meeting multiple design needs, with energy savings from sealing and insulation. <b>UL 4, 3, 1 1/2, 1 and 3/4 hour labels.</b> Also SmokeShield® Insulated Fire Doors with UL "S" label. 5.3 R value, STC 27.	
ш	Doors: ERD21		aliu 3/4 flour labers. Also SillokeSilleid illisulated File Doors with OL 3 laber. 3.5 K value, 510 27.	
~				
_	Smoke & Draft Control: SmokeShield®		Limits the spread of fire and smoke protecting life and property. Equipped with UL listed and/or tested	
	SmokeShield® Fire Doors: ERD11,		perimeter smoke seals. Units carry 2 UL ratings: fire and smoke. Meets International Building Code®	
<b>-</b>	SmokeShield® Firemiser™ Fire Doors: ERD21, SmokeShield®		2006, Section 715.4.3. See Fire Doors, Insulated Fire Doors, and Counter Fire Doors.	
U	Counter Fire Doors: ERC11			
	Counter Fire Doors: ERC10		Secure openings above counters on interior fire rated walls, but can also fully close to the floor.	
Z	SmokeShield® Counter Fire Doors:		Protect an area from the spread of fire and provide security. Meet insurance and building codes.	
ш	ERC11		UL 3, 1 1/2, 1 and 3/4 hour labels. Integral Frame Units: factory welded and fully assembled for a	
ம	Counter Fire Doors with Integral Frame, Countertop:		seamless, custom, built-in look. Manual push up only. UL 1 1/2, 1 and 3/4 hour labels.  Options: UL Countertops: labeled stainless steel or plastic laminate. Integral Frame units: Integral	
	ERC20		stainless steel countertop standard, labeled plastic laminate or no countertop optional.	
~	M100 FireGard™ Closing Systems		Operators for any above fire products that guarantee a safe automatic door closing rate, allow testing and	
ш	Motor Operator, Chain or Crank.		resetting from floor level and eliminate mechanical resetting after auto closing. Allow facility personnel to reset	
٤	Retrofit Available  Accordion Folding Fire Doors		fire doors without having to restore spring tension. Retrofittable while maintaining door UL / FM approval.	
	TRANZFORM® Fire: ERP10		Protects openings with minimal headroom from the spread of fire and smoke, providing automatic closing in the event of fire detection. Acceptable for use in openings that are part of a required means of	
ш			egress. Nylon wheel, ball bearing rollers attach to every panel. Recessable. Double wall panel design.	
			ADA compliant. UL "S", 3, 1 1/2, 1, 3/4, 1/2 and 1/3 hour labels. STC 41.	
_	Service Doors: ESD10		Provide security against entry, damage and weather for exterior and interior openings in industrial, commercial, institutional and retail buildings. <b>Options: Graphics Door:</b> color images applied to curtain.	
Z				
			ScreenGard <sup>™</sup> : perforated curtain slats Matadoor <sup>®</sup> : breakaway curtain bottom section.

#### **ADDITIONAL RESOURCES**

## Contact our Architect and Design Support Department

Cornell specializes in providing superior project support. Our dedicated staff of Design Engineers is available to assist you with:

- Product design questions
- Product features and options
- LEED® project requirements
- AutoCAD® Details and Specifications in CSI MasterFormat<sup>TM</sup>
- Detailing Cornell products into your design drawings
- Engineered solutions such as high traffic doors, large opening closures, horizontal closure units, emergency egress options, fixed panel applications, etc.

Contact:

Architect and Design Support Department

Phone: 800.233.8366 ext. 551

Fax: 800.526.0841

Email: ADS@cornelliron.com

#### Visit www.cornelliron.com

As recognized by CSI, Cornell's award winning web site provides access to extensive, continually updated product information in an interactive format. Designed for busy building professionals, Cornell lets you download as-built

#### **Cornell Closure Products Manual**

Your library isn't complete without Cornell's CSI award winning Closure Products Manual. This binder includes a product selection guide, data sheets, specifications, drawing details, budgetary pricing, UL listings, ASTM standards and more. Provided FREE to building industry professionals. Call 800.233.8366, ext. 621, to obtain your copy.

#### **Continuing Education Programs**

As a registered program provider with the American Institute of Architects Continuing Education System, Cornell's free programs offer you the ability to gain valuable

knowledge while earning credits towards AIA membership, Health, Safety and Welfare credits and possible state license Mandatory Continuing Education credits. Multiple programs available to educate on the various disciplines of closure product applications. Contact Sean Smith, Vice President of Sales by email at seans@cornelliron.com; tel. 800.233.8366 ext. 579 or fax 800.526.0841.

#### International Distributor Network

Over 250 approved and authorized independent Cornell distributors are available to provide technical information, sales, installation, maintenance and service support. For complete contact information of the Distributor nearest you, go to www.cornelliron.com and click on the "Distributor Locator" link or call 800.233.8366.
