

FALL RESTRAINT NEEDS?

RNC Anchors Inc. designs and installs a wide range of fall arrest systems which include:

- Fall arrest, lifeline roof anchors and travel restraint systems for personnel performing exterior maintenance (e.g. window washing, painting, masonry restoration, caulking and similar work forces).
- Exterior / Interior maintenance equipment tiebacks (e.g. bosum chair, swing stage, davit systems and monorails).
- Commercial, institutional, public, industrial and multiple dwellings (condominium or apartment buildings).

go to www.rnc.ca for more details.

DO YOU KNOW THE REGULATIONS?

- Q. Does the Federal Building Code require a Fall Arrest System on buildings above 26' or 8m?
- Q. Does it have to be pre-engineered by a registered Engineer?
- Q. Does it need to be tested by an engineer?
- Q. Is the building owner responsible for having the system in place?
- Q. Is the building owner liable for any injuries resulting from not meeting the Building Code?
- Q. How long has RNC Anchors Inc. been providing complete Fall Arrest systems?
- Q. Can RNC Anchors Inc. help me with my risk management?
