Air Louvers has been an industry leader in manufacturing door louvers and vision lites for the hollow metal and wood door industries for over 30 years. Our products include such options as UL and Warnock Hersey approval for fire rated applications, fire listed and safety rated glazing, detention and security grade options, and multiple finish coatings to meet most application requirements. To complement our complete line of lites and louvers, we offer a wide variety of door edges and astragals to enhance your door package.

As a division of the Activar Construction Products Group, Air Louvers has multiple shipping locations for our most popular vision and lite kits. Along with our manufacturing location in Commerce, CA, we have warehouse locations in Bloomington, MN, Lancaster, PA, and Atlanta, GA.

FIRE-RATED AND IMPACT-RATED GLASS

Air Louvers offers an extensive selection of Warnock-Hersey-rated and UL-listed glass.

Fire and Impact Safety-rated Wired Glass. Film applied wire glass that meets ANSI Z97.1 and CPSC 16 CFR 1201 CAT II impact rating requirements. Glazing in hazardous locations must meet Consumer Product Safety Commission guidelines.

Tempered Glass

For use in non-fire-rated applications requiring wire-free safety-rated glazing product. ANSI Z97.1 & CPSC 15CFR, CAT I & CAT II impact rating.

Traditional Wired Glass

20-90 Minute UL and WHI classifications, ANSI Z97.1

Ceramic Clear Fire-Rated Glass

to 90 Minute Rating
Ceramic glazing material for use in fire-rated doors, transoms and sidelites. Laminated and non-laminated glazing available. ANSI Z97.1 & CPSC 15CFR, CAT I & CAT II impact rating.

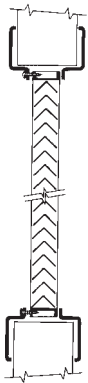

Laminated Fire Glass with Heat Barrier to 90 Minute Rating

Two lites of laminated safety glass separated by an intumescent interlayer. In case of fire, the interlayer absorbs radiant energy from the fire, reducing the transmission of heat to the non-fire side of the door. ANSI Z97.1 & CPSC 15CFR, CAT I & CAT II impact rating.

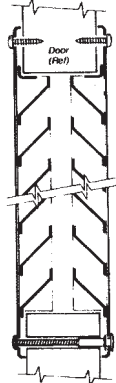

FIXED BLADE LOUVERS

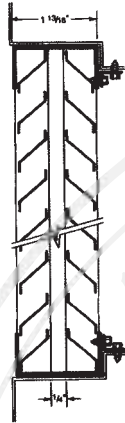

MODEL 600-A1
Inverted V Blades

MODEL 700-A
Inverted Split Y
Blades

MODEL 700-TL
Transom Louver

MODEL 800-A1
Inverted Y Blades

MODEL 1400-A
Extruded Alum.
Storm Proof

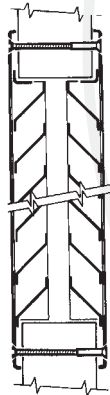

MODEL 1900-A
Fire Door
Fusible Link

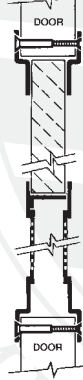

SECURITY VISION FRAMES AND LOUVERS

Select From our Extensive Line of Fire-Rated and Impact-Resistant Glass for Models Below

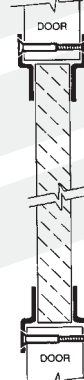

MODEL 1500-A
Inverted Split "Y" Blades
with Security Grille
Non-visor two-piece
louwer design.

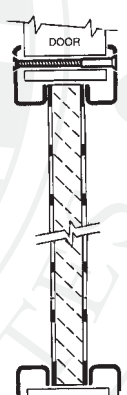

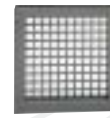

MODEL VLF-S10-SP
10 gauge steel security
vision lite with perforated
speaker panel

MODEL VLF-S10
Security vision frame for
applications requiring a
higher degree of security.

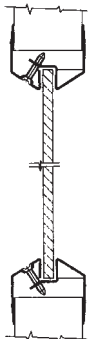

MODEL VLF-SG
Security vision frame
with security grille on
each side of glass.

VISION LITES

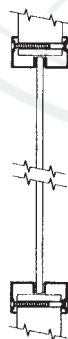

SLIMLINE
Low profile

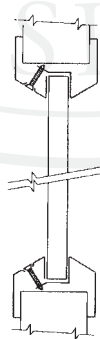

MODEL VLFIG-HRC
Hurricane Vision Frame

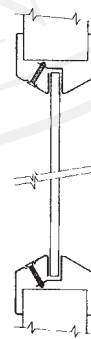

MODEL VLF
Single glazing

MODEL VLF-EZ1G
Up to 1-in. glazing

MODEL VLF-EZ
Single glazing

The Activar Construction Products Group (ACPG) consists of 5 affiliated companies that serve the commercial construction industry. Our multiple product lines are a single source for architects and distributors. Air Louvers manufactures products for the openings market with door lites, louvers and rated glass. Hiawatha is known for its quality architectural door hardware and frameless shower door products. JL Industries is an industry leader in fire protection, providing fire extinguishers, AED's and cabinets, access panels, roof opening products and entrance flooring systems. Samson Products manufactures many of the products sold under the JL label and distributes JL products on the West Coast. Thomas Enterprises is our Southeast distributor for JL products and has a state-of-the-art aluminum fabrication facility for fire extinguisher cabinets sold under the Thomas and JL labels.
