wallflowers®

premium rubber wall base

Available in 2-1/2", 4", 4-1/2" and 6".

Unlike others who claim their rubber blend products are real rubber, Wallflowers® Premium rubber wall base is the genuine article: 100% virgin rubber. In fact, Wallflowers is the highest quality thermoset – ASTM F 1861, Type TS – vulcanized rubber base on the market. Wallflowers rubber wall base is manufactured with homogeneous color and extended wear properties. As a result, it retains its visual appeal and color over the long term with very little maintenance, so it's perfect for minimizing life cycle costs. May contribute to LEED® CI and NC credits MR 5.1, MR 5.2, MR 6.

features and benefits

- > 1/8" gauge, 100% virgin vulcanized/thermoset ASTM F 1861, Type TS rubber.
- > Color-matched inside and outside corners are pre-formed and have 3" returns for fast, easy installation. Not available in 4-1/2" or 6" inside corners.
- > FlexOne pricing applies to all colors.
- > Wallflowers rubber base will not shrink, so there are no unsightly gaps and separations from the wall.
- > Homogeneous color is inherent through the base. Superior finish resists scuffing, gouging and most chemicals.
- > Quality rubber provides maximum flexibility for easy, quality installation.
- > Dimensional stability, precise gauging and uniform height help conceal floor and wall irregularities.
- > Installed with FLEXCO® 106 Wall Base Adhesive, which contains an antimicrobial agent for added protection against mold and bacteria.

base sculptures™

wall base system

Available in 2-5/8," 4-1/2" and 7-3/4".

The look of finely crafted woodwork always creates an unmistakable impression. FLEXCO® Base Sculptures™ wall base offers the same beautiful aesthetic qualities and more – increased durability, easy installation, moisture resistance and decreased maintenance. May contribute to LEED® CI and NC Credits MR 5.1, MR 5.2, MR 6. That means you can enjoy the same eye-catching qualities of real wood without the high price tag or time-consuming finishing. You have three heights to choose from.

features and benefits

- > 40' rolls allow your installations to be truly seamless.
- > Versatile Type TP solid, thermoplastic rubber wall base
- > Elegant inside and outside corner blocks in 5-1/2" and 8-3/4" heights are color-matched, completely finished and ready to install.
- > Color coordinated inside and outside corners are mitered and have 6" returns for a perfect fit.
- > FlexOne pricing applies to all colors, plus Arctic White.
- > Homogeneous color is inherent through the base. Superior finish resists scuffing, gouging and most chemicals.
- > Matching Color Rite caulk available.
- > Base Sculptures has a paintable surface for infinite color possibilities.
- > Installed with FLEXCO 106 Wall Base Adhesive, which contains an antimicrobial agent for added protection against mold and bacteria.

base 2000™

wall base

Available in 2-1/2", 4" and 6".

With FLEXCO® Base 2000™, you get thermoplastic Type TP rubber base that gives you many of the benefits of rubber at a lower price. This extruded base features excellent flexibility, dimensional stability, precise gauging and uniform height. It's everything you need to bring your flooring designs into the new millennium. May contribute to LEED® CI and NC credits MR 4.1, MR 4.2, MR 5.1, MR 5.2, MR 6.

features and benefits

- > 1/8" gauge Base 2000 wall base is Type TP thermoplastic rubber.
- > Resilient vinyl-rubber blend provides good flexibility.

vinyl wall base

Available in 2-1/2", 4" and 6".

FLEXCO® vinyl Type TV wall base offers a superior color finish and quality construction. Yet, it's made from vinyl, which makes it more economical than rubber for certain applications. When you're looking to save some expense, look no further than FLEXCO vinyl. May contribute to LEED® CI and NC credits MR 4.1, MR 4.2, MR 5.1, MR 5.2, MR 6.

features and benefits

- > Type TV vinyl wall base is available in two gauges: 1/8" or 0.080".
- > Quality vinyl offers an extremely economical wall base option.
- > FlexOne pricing applies to all colors, including the FlexTones® color matching system.
- > Color-matched inside and outside pre-formed corners have 3" returns for fast, easy installation.
- > Homogeneous color is inherent through the base Superior finish resists scuffing, gouging and most chemicals.
