

# Material Safety Data Sheet

## LT-B1 LITE-KIT

### PHYSICAL DATA:

This product is manufactured from sheet steel and then applied with a powder coated finish.

### FIRE HAZARD:

This product is stable in normal conditions of use and does not present a fire hazard.

### FIREFIGHTING TECHNIQUES:

As in any fire, prevent human exposure to fire, smoke, fumes, or products of combustion. Evacuate nonessential personnel from the fire area. Fire fighters should wear full-face, self-contained breathing apparatus (SCBA) and impervious protective clothing. In case of fire, use class D dry powder extinguisher or sand. DO NOT USE water or halogenated extinguishing media.

### TOXICITY DATA:

There is no toxicity hazard under normal conditions of use.

### HEALTH HAZARD DATA:

This product may contain hazardous ingredients; harmful effects are unlikely under conditions of normal use.

### EFFECTS OF EXPOSURE:

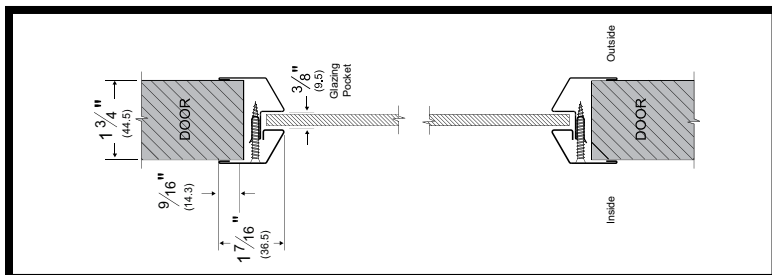

None under normal conditions of use. Observe good industrial hygiene. If excessive optical exposure to powder coating dust occurs, flush eyes. In the event of excessive inhalation to powder coating dust, remove person from exposure to restore breathing.

### STORAGE & DISPOSAL:

Always store at room temperature and keep away from heat sources. Do not store near strong oxidizers. When disposing, recovery and reuse (recycle) should be the ultimate goal; otherwise disposal should be in accordance with local, state or federal legislation. Bury in an authorized landfill site or incinerate under approved controlled conditions. Product materials should be prevented from entering drains, sewers, or waterways.

### SPILL PROCEDURES:

Sweep up any cut-offs from product and store in suitable container for disposal.
