### Leak Barrier

**Weather Watch®**  
and **StormGuard®**  
provide exceptional  
protection against  
leaks caused by  
roof settling and  
extreme weather.  
Ideal upgrade at all  
vulnerable areas  
(including at the  
eaves in the North\*).

### Roof Deck Protection

*"Breathable" Deck-Armor™*  
allows moisture to  
escape from your attic  
while providing an  
exceptionally strong  
layer of protection against  
wind-driven rain. It also  
lays flatter for a better-  
looking roof. **Shingle-Mate®**  
also provides great  
protection for your roof.

### Quality Shingles

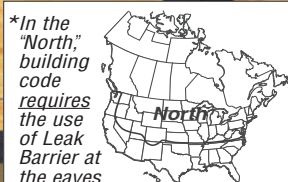

*Choosing the  
right shingle can  
increase the value  
of your home.*  
GAF-Elk offers  
you many great  
shingle choices,  
including **Timberline®**,  
the #1-selling  
architectural shingles  
in North America.

### Effective Attic Ventilation

**Cobra®** and  
**Master Flow®**  
vents help remove  
excess heat and  
moisture from your  
attic that can raise  
your energy bills,  
cause premature  
peeling of paint and  
wallpaper, and even  
affect your health.

### Distinctive Ridge Cap Shingles

*Similar to the  
way that a  
distinctive frame  
enhances a  
painting, **Timbertex®**  
and **Ridglass®** can  
enhance the beauty  
and value of your  
home—while guarding  
against leaks at the  
hips and ridges.*

### Low-Slope Membranes

**Liberty™** and  
**Freedom™**  
commercial-grade  
self-adhering roofing  
systems are exceptionally  
dependable! They're  
safer, too, because no  
open torches or hot  
asphalt are used.

### Pre-Cut Starter Strip Shingles

**WeatherBlocker™** &  
**Pro-Start™** are a great upgrade  
option for rakes and eaves.  
They save time, eliminate  
waste, and reduce the risk  
of blow-off...and may even  
help qualify for upgraded  
wind warranty coverage  
(see Ltd. warranties for details).

### Roof Accessory Paint

**ShingleMatch™**  
premium roof accessory  
paint is a great option  
to help you "hide"  
unsightly roof accessories  
by making them blend  
in with the color of your  
shingles... for a better-  
looking finished roof.

The GAF-Elk Roof System Solution has earned the prestigious Good Housekeeping Seal, which means that Good Housekeeping stands behind the products in this system (Refer to Good Housekeeping Magazine for its consumer protection policy.)

## The Strongest And Safest Warranty Protection In The Industry!\*

### Golden Pledge® Ltd. Warranty

The best coverage for steep-slope roofs! Unlike most roof warranties, it provides protection against material defects and workmanship errors. Covers all major GAF-Elk components. A factory technician even inspects the finished roof to help assure your peace of mind!

### Smart Choice® System Plus Ltd. Warranty

Affordable protection against material defects for all major GAF-Elk components. Far superior to traditional shingle warranties because it provides up to ten times the non-prorated coverage period.

\*See limited warranties for complete coverage and restrictions.
